**10. BRIEF SUMMARY OF SIGHTING**

Two object shaped like a flat disc with round dome on top like a "mexican hat" observed in formation side by side. Color dull rusty looking almost orange. Small tail section observed by one of the witnesses. Exhaust about the size of the obj and white filmy trail indicated by one of the two witnesses. Initial observation of objs at 25 to 30 deg elevation in level flight to E. Flight included a manuver described as a slight tilt. second object copies manuver of first. Size of objs between F-100 and B-47. Speed estimated as that of jet in landing pattern.

**11. COMMENTS**

Description of sighting indicates jet a/c observation.
