☐ Possibly Astronomical
☒ Other Police Sirens
☐ Insufficient Data for Evaluation
☐ Unknown

10. BRIEF SUMMARY OF SIGHTING
Sound heard. Youth went outside of house to see what it was. Saw sparks eminating from space ship which hovered over the area.
Believed that the object landed in a neighbors yard. The youth was the only witness, however several people heard the sound.

11. COMMENTS
Investigation revealed that the sound was attributed to reverberations of a police siren on the way to an accident and the sparks could have been the imagination of the youth or caused by fireworks associated with the last night of the Chinese New Year celebration. Principal cause of the report being the police sirens.

On the case of 14 February from Honolulu, how old was the youth? It would be interesting to see how he described the "space ship." The sound might have been purely coincidental, if he really saw sparks from some object. I like the idea of the Chinese New Year!

REPLY TO ATTN OF: PACAFBASECOM (BDI)

SUBJECT: Unidentified Flying Objects (UFO) 25 Feb 1964

TO: AFSC (FTD)
Wright Patterson AFB, Ohio

1. Forwarded is a copy of a police report from the Honolulu Police Department and an extract from the Duty Controllers Log, 326th Air Defense Division, APO 915, describing a UFO incident.

2. My own investigation made during the evening of 14 February 1964 revealed no unusual weather phenomena, no aircraft flying in the area in question during the time involved, no army activities in the adjacent military reservation and no disruptions of power lines, etc. The sound was confirmed by Army S/A Riley who told me he heard the sound through the telephone when Mrs [redacted] first called him.

3. The area in question is in the foot hills of the mountains, north of Honolulu. The neighborhood is characterized by small hills and valleys leading back several miles to the mountains. Likelike highway runs through one of these valleys towards the northeast side of the island. The valley itself is blind. The road goes out through a tunnel at the northeast end.

4. I did find there was an accident on Likelike highway near where this incident occurred. The evening in question was also the last night of celebration of Chinese New Year.

5. This matter was discussed with Major Earl J. Wolf Jr, FTD Liaison Officer, Hq PACAF. He suggested that because of terrain and/or weather temperature conditions, the sound was a reverberation of noise from police sirens going to the nearby accident. Since the visual observations reported to the military and civil authorities were vague - his suggestion would appear to be the most valid to date.

COMPLAINANT : [redacted] Adult Cauc Female
[redacted]23
[redacted]
Employed at Tripler General Hospital

SCENE : Wilson Tract, Kalihi Valley Housing areas and Fort Shafter mauka area

WITNESSES : [redacted] Adult Cauc Female
[redacted] Street 22yrs
Phone [redacted] Housewife
(daughter of complainant)

[redacted] Cauc Male Juvenile
[redacted]9
(son of complainant)

[redacted]
(son-in-law of complainant)

TIME/DATE OCCURRED : About 9:00PM and after, 2-14-64, Friday

INVESTIGATORS : Joseph HOALDE #251 MPTLMN
Joseph KIMAI MPTLMN

SYNOPSIS : Complainant along with household heard a very unusual and very dynamic sound hovering over the neighborhood for a while and headed ewa away from the area.

ASSIGNMENT/ARRIVAL : Was assigned this case viaradio at 9:46PM this date, 2-14-64, and arrived at the scene at 9:56PM, wherein the complainant was met and interviewed along with witnesses.

COMPLAINANT'S STORY : Said that she was watching television and just about 9:00PM and shortly thereafter, when the show "Twilight zone" was showing, she along with the rest of her family heard a very unusual noise hovering over their house. At this time however, they did not pay too much attention to this sound, because they thought this sound was emanating from their television set.

Consequently they concentrated at their television. This noise however did not disappear and became much too loud for their comfort, and as a result, [redacted], her son, went out to investigate and came back inside the house and informed them that what he saw was something very phenominal.

What Albert saw was an object that was throwing out sparks and the same time giving out a very unusual sound, like that of a space ship. This object according to [redacted] hovered over the area for a while, and it seemed as though this object landed into the neighbors yard diagonally mauka from theirs, or in that direction. [redacted] verified this fac

[redacted] 2-14-64 L-283
MISC PUBLIC

(continued)

To describe the sound, is like a sound coming from a rope that is twirled over head, or the sound from a space ship that is seen on television only.

Consequently, after hearing this sound that was unbearable for quite a while, they called for police assistance and since their son-in-law [redacted] is in the military service, he called the CID OIC at Fort Shafter and reported this unusual occurrence and the OIC at Fort Shafter informed him that he too had heard this unusual sound, however is not positive at this time, what caused this to occur.

After [redacted] told them the story, they all came out of the house and to their surprise saw that their neighbors were also out side and all spoke of the unusual and unbearable noise.

This sound, gave them the impression as if this object was wanting to land on the ground, however is not sure.

INVESTIGATION : (for more witnesses to this case, please refer to report being submitted by Officer Joseph KAMAI under this same report number)

Upon arrival at the scene, the complainant was met along with her family. It was very surprising to note that the household was quite shaken up by this episode. What was unusual about this was the fact that they all gave the similar version of this incident and described the sound of this object the same as the other.

All were questioned and there was no variations in their stories. It was also evident too that the witnesses that Officer KAMAI spoke to gave the same version of this episode.

The complainant's neighbor, whose home and yard, [redacted] the complainant's son, saw this object fall into, was checked however no one was home, and it was learned that after hearing this very loud sound, this party secured the house and left.

The parties at [redacted] and [redacted] Street were interviewed by this Officer however they did not hear or see anything. [redacted] was in bed, and [redacted] was having a little party).

As a result of this complaint, Dispatch was notified in the form of SGT McINERNY and facts given. The area where the complainant's son said he saw this object supposedly to fall was checked, namely the Kula Kolea and Likelike Highway areas, however no sign of this objects was found. Dispatch again informed of this.

DISPOSITION : Complainant was advised that a report would be filed and further follow-up on this case will be made by interested agencies.....

DISPOSITION : Pending.....

FOLLOW UP REPORT:

At 10:05pm this date(2-14-64) this officer proceeded to [redacted] Street to assist officer J. UBALDE in a miscellanious public case, regarding strange noises and objects seen in the area.

Upon arrival at the scene I heard what the complainants son Albert had reported seeing as being a bright object and making a weird sound.

At this point I decided to check with other neighbors in the immediate vicinity who were at home. Below are the people contacted.

#1 M[redacted]
[redacted]
34yrs P-Hawn female
clerk,1st National Bank

#2 Mrs[redacted]
[redacted]
45yrs Jpnse female
housewife

STATEMENTS

#1 Stated that she and her family along with her mother inlaw were seated in the living room watching a T.V. program(77 Sunset - Strip) about 8:30pm or a little after when all of a sudden there was the sound of a strange noise.

Thinking that it was coming from the television she began to lower the sound tract. At this point she and the rest of the family noticed that the television screen showed signs of rings going round and round and making that strange noise.

While they were wondering what was making all that noise one [redacted], who was watching their television set walked outside. The next thing they knew he ([redacted] had gone home, Being afraid she and her family went into the basement and did not enter the living room again until the arrival of this officer.

#2 Stated that she was in the kitchen putting away the groceries when she heard a strange sound. At first it was slight and a minute later became louder until it seemed like whatever it was was just hovering above the street.

After a minute or two she had gone out to the front of the house. While in front she saw nothin g, but heard this same sound drifting off into the distance. Concluded by saying that everyone in her house had heard the same sound, but no one saw anything.

The time she heard the sound was about 8:45pm.

Extract from 326 ADD Duty Controllers Log - Capt Arceneaux
A2C Sichko

14 FEB 64
2045

Special Agent Riley, credential card #654 Ser No. 05014422 assigned to Fort Shafter, Ph #54 2929, called and said that he had received a call from a Mrs [redacted] of [redacted]n Street, Honolulu Ph[redacted] Her son saw an unidentified flying object that passed like a ball of fire and landed on Oahu and was making noises like "Martians". Incident reported to Capt Mills at 0648Z.

2100

Capt Mills called back in reference to above. He spoke to both [redacted] and Mr[redacted] and could get no more information. He did call the police department--they said they would run a check.

Capt Arceneaux called the police and they informed us that they had no more on this report but would send a patrol to question Mrs [redacted].

Police called and reported that the patrol had questioned Mrs [redacted] and her family. Her 15 year old son saw a lot of sparks and heard what he thought was a space ship. All of the family heard the sound. The police are going to question the entire neighborhood and would make out a report and provide us with a copy.

2245

Capt Mills was informed and said he would pick up the report (on Monday from office of Capt Aukea).

Capt Mills advised us not to send the report out.
