UFO Observation

[redacted]

Bessemer, Michigan 49911

1. Reference your letter of December 1, 1966. The information on your unidentified observation was not sufficient for evaluation. Request you complete the attached FTD Form 164 and return it in the envelope provided.

2. For your information we are enclosing a brochure on Project Blue Book along with various articles by some of our most learned men. These include two articles by Dr. Carl Sagan, an article by Dr. Charles Smiley and an extract from Wernher von Braun's book, First Men to the Moon.

3. Your interest in the Air Force's program on unidentified flying objects is appreciated.

LOUIS DeGOES, Colonel, USAF
Director of Technology and Subsystems

Wright-Patterson AFB
Ohio

Officer in Charge;

On clear nights in the months of October and November, I observed an object while searching for various constellations. The object is in the North, North-eastern sky, and is 45° above the level of ground and moves slowly south. Would you give me any information, pamphlets or otherwise, on it, or on unidentified flying objects. Any information you give me I will take to my eighth grade science class.

Thank-you
