SUMMARY: (Enter concise summary of report. Give significance in final one-sentence paragraph. List inclosures at lower left. Begin text of report on AF Form 112—Part II.)

At approximately 2045 EST, 4 March 1953, the following information was received by this station (P-49) from the GOC Filter Center at Syracuse, New York:

The Filter Center at Syracuse, New York notified this station that a Mrs. Gohn of 203 Village Drive, Syracuse, New York, Phone Number Syr. 7-33505, observed an unidentified flying object approximately 3 miles from Hancock Field, (no direction given), at approximately 2045 EST, 4 March 1953. The object was of dirigible type, with holes in the sides and flashing a yellow light. The altitude was given as tree-top level. No other information was given as to description, speed, or direction. Observer, Mrs. Gohn, stated that this is the third time that she has seen this object, once, a month ago, once on 3 March 1953, and this sighting.

Weather in that vicinity was unknown at the time of sighting.

The authenticity of this report is unknown as information was very brief and given by only one source.

This object was not picked up on radar at this site at any time.
