Dear Sirs,

For many years, I have been interested in these U.F.O. reports. I live on Vashon Island, and I to, think I have seen U.FO's. It was 3 nights ago, on Sept 18, I saw, at 9:30 p.m., 3 bright objects in formation, flying North. They where gone in about 20 seconds. (horizen to horizen) I wish you could send me some reports or perhaps pictures, on some U.F.O. reports. I do not plan to pass this information around but to keep it for my good, and intrest. Also does the U.S. have squusers (flying) but are keeping secret? Please send the information to me if you can.

Thank-you
