Columbus, Miss.

Dear Sir:

My teen age son (14) while vacationing with his Brother and family in the vicinity of Gatesburg Penn. last July or Aug. took a number of pictures of local scenery. We had these pictures developed first of March.

On one of these films there is an unexplained air borned object with so much publicity on U.F.O. we are wondering if this is what this is

If you will forward this letter to the proper department, film will be gladely sent for inspection by the proper authorities.

Sincerely
