Dear Sirs

I have seen U.F.O.'s at night for the past year and have reported them To the radar Base. They can not pick them up on the Radar screens They go faster than Jets or planes, or any thing I have [redacted] seen about 50 or 60 people have seen them, on some [redacted] nights They go over very fast two or 3 at a time It also was a report on them in the news paper! They appear To be round and low with a vote fore I have seen one land in a field like a meteorite not [redacted] To far from me. The object was not damage [redacted] however it hit the ground at 200 miles an hour! a reporter from the newpaper seen one and did not

know what to think some people have seen
them 50 feet above them they make
no sound I feel sure that off checked
out by your people that you can
find out what they are please
believe me I know how it sounds
but its true if you do what you
say you do you will help us
about 50 of us have a group
that watch them! they have been
coming down! please send someone
that know what to do! I fear that
they may really come from another
~~plant~~ plant they are getting closer
and closer soon they may land too
near us we have ~~been~~ thought
about shooting them if they get
in range! if your people ~~do not~~
do not check this and they
atack when I have warned you
this will not look good!
please call me sunday ~~and~~
at 6 oclock in the evening
