Dear Mr [redacted]

This replies to your letter of September 30, 1968, in which you reported that you had seen some unidentified flying objects (UFO's).

Without additional information, we cannot offer an explanation of what you saw. However, if you will complete the inclosed questionnaire and mail it in the attached envelope, our technical people at Wright-Patterson Air Force Base, Ohio, will be able to investigate further and make an evaluation.

Should you ever sight another UFO, please report it as soon as possible to the nearest Air Force base. Each base in the United States has a UFO investigator, who is in a better position to make an on-the-spot investigation, which usually results in a more accurate analysis.

In the meantime, you might be able to identify your sighting by looking at the categories of objects often reported as UFO's in the material we are sending.

Sincerely,

JAMES H. AIKMAN

Dear Sirs:

I saw four U.F.O. yesterday. It was a clear night nothing moved but the ship. It went stright across the sky at about 40 knots. The closest was about 1 mile away.
