PROJECT 10073 RECORD

1. DATE - TIME GROUP	2. LOCATION	
28 Feb 67 1/0355Z	Corpus Christi, Texas	One

3. SOURCE

Civilian

4. NUMBER OF OBJECTS

One

5. LENGTH OF OBSERVATION

30 minutes

6. TYPE OF OBSERVATION

Ground Visual

7. COURSE

Stationary in the SE

8. PHOTOS

☐ Yes
XX No

9. PHYSICAL EVIDENCE

☐ Yes
XX No

10. CONCLUSION

Astro(Mars) Prob. Fact

Mars was rising on an Az of 117 at approximately 2130 CST

11. BRIEF SUMMARY AND ANALYSIS

Observer watched a large red colored object in the SE. The object was long shaped, larger than an airplane. Other people in a group saw the object also. The object was in view for about 30 minutes then it just disappeared. There WERE high broken clouds that night which could have accounted for the light disappearing.

The description is consistent with that of an astronomical observation. Mars would have been quite bright with a stellar magnitude of -0.1.
