On 20 November 1953, [REDACTED]  
Drive, Marietta, Ohio, Telephone: [REDACTED], employed  
at Quaker State Engineering Company, First National Bank,  
Marietta, Ohio, Telephone: [REDACTED], advised that  
at approximately 0830 hours, 20 November 1953, he, ac-  
companied by his brother, [REDACTED], 27 Southeast  
Seventh Street, Evansville, Indiana, and [REDACTED]  
[REDACTED] Street address unknown, Detroit, Michigan, were  
driving west on US Route Alternate 50, and at a point  
approximately ten (10) miles west of Marietta, fairly  
close to the Wood County Airport, when they noticed a  
luminous object, directly south of their position, mov-  
ing slowly from east to west at approximately a 1500  
foot lateral distance and an altitude of approximately  
eight (8) to ten (10) thousand feet. Suddenly the ob-  
ject made approximately a thirty degree lateral angle  
southward and then accelerated rapidly out of sight.  
All three (3) persons observed the object's flight; but  
because of its luminous surface and distance of obser-  
vation, it was difficult to ascertain its shape or size.  
All were of the opinion that it was not a conventional  
aircraft.

[REDACTED] stated he had reported the incident to Mr. [REDACTED]  
[REDACTED], Federal Bureau of Investigation Resident Agent,  
Marietta, Ohio, who advised that the United States Air  
Force was collecting information on "flying saucers"  
and recommended that he contact the Office of Special
