7. LENGTH OF OBSERVATION Unk	8. NUMBER OF OBJECTS One (1)	9. COURSE Rising (45°)
10. BRIEF SUMMARY OF SIGHTING One (1) round object, the size of a nickel held at arms length, was observed to rise from the ground at a 45 degree angle. The object flashed red and green alternately. Pilots scrambled aircraft and searched the area thoroughly but without results. 666th ACWRON reported at 30/0415Z they had a slow moving blip in that area, but for only for sweeps and then faded.		11. COMMENTS A check of astronomical charts fails to reveal any heavenly bodies in the direction of the sighting. The flashing red and green lights, which were rising, seem to indicate the possibility of an aircraft.
