F3D's tried inter- ception with succes due to extreme altitude of object.				11. COMMENTS Concur with the opinion of the rptng officers that this sight- ing was caused by a balloon. All facets of these sightings could not better fit a balloon hypothe- sis. Not only was balloon released in that area but a NOTAM had been /sent by the Ontario, Calif aprt about a balloon in the area at the time. Check w/ADC WX revealed that there was also a balloon(origin unknown)plotted E of the area few hrs earlier. This balloon drifting toward area of sighting.
