0328 - 2 = 0228 (2:28 AM)

Approx 100-125 miles <sup>SE</sup> of  
The Azores.

Everything here is  
highly suggestive of a  
bolide (fireball), a large  
number which have been  
reported from the Atlantic Area

On basis of very  
limited info, conclude  
that object PROB. BOLIDE  
(ASSTED)
