Office of aerial Phenomena.

Sir, "It may be a little late in trying to say an believe I saw, what my brother in law and father in law thought it was seen in 1959, I am not sure it really was them, but what ever it was, I never will forget it the longest day I live, I was visiting my sick mother in law, and we were listening to the Dr. Tell us what he wanted us to write out his prescription for me to go to O'Fallon, Mo. to the drug store to pick up the medicine, which is about 8 miles east of Wentzville, Mo., at about 11:15 o'clock with my father in law and

Take off in my car for the 8 miles  
to O'Fallon, Mo., to pick up the medicine.  
The Dr. told us to get for my mother in law,  
I went down in about 7 1/2 minutes and  
started back up on the highway 40, to  
return to my mother in law and the Dr.  
with the drugs he had told us to get  
for her. Now this is exactly what taken-  
place, we had to go south under U. S. 40  
take a left turn to get up on the flat  
to go west to Wentzville, Mo., in so  
doing, we not care up on the flat  
making the turn the car lights headed  
into the sky southeast, to the south  
then west, then directly south of  
us, toward Wadell Springs, Mo., where  
there is a Government Plant, making some  
thing to do with atomic work, was  
round large object, spinning directly  
over this plant, now this is no other  
lights in that such of the roads, on  
air field, or Weather balloon, that would  
have that low and east the  
tire of light was

Sir, I am not making this story up, because the 3 of us were scared to say any thing, we stop and got out and look up at this object for at least 20 minutes before it taken off in a southwest direction, and was out of sight in about 10 or 15 seconds, just leaving a vapor trail, behind it, now there was a beautiful full moon. That night and the three of us stood there with our mouth open, not saying a word until it was out of our sight, then [REDACTED] spoke up and said did your fellows see that thing?" [REDACTED] and I said yes, but it was a moon and he said it from, I was scared stiff, nobody said any thing else until we got in front of my [REDACTED] in down's place, then I said don't tell me and what not even, they want believe us any how, so we never spoke of

what we saw - that suits to no one, but  
the likes of us, watch the papers to see  
if any one else saw the same, but we  
never read of no one seeing it so we  
just kept quite about the matter until  
I read your article about such things  
that don't exist, I wonder a lot, did  
not really see, or do people have the  
same vision of something at the same  
time, that this and again was it really  
there, I am going to sketch a drawing  
of what I thought we saw, but to  
me, I am a firm believer, in seeing  
believing, and yet I cannot force  
myself to believe what we really did  
see, now I am sure you understand  
in all this time we are just plain  
people, not looking for a lot of  
publicity, or new in paper writing up.  
if you do, you will have to consult  
with all others, cause the only reason  
I am writing to you at this time, is that  
I wonder about the whole thing, was  
it really real or not.

Now I am not asking you not to believe this, cause any sane person would say it is too fantastic, I am just if ~~you~~ come out and see it up to me with such a year, as what you say, I would say he was crazy as hell, or trying to gain something thought had publicity, but I am not out there at sane and I have no one else will give you account of the ghost stories, but you not afraid of anything, that is in me, please tell if there is such a thing as not really me, not have never told me our family, you know you can confide in me,

Sincerely

UFO Sighting

[REDACTED]  
[REDACTED]  
St. Louis 6, Missouri

Dear [REDACTED]

Regarding the UFO which was witnessed by you and two other gentlemen near Wentzville, Missouri, in 1959 and which you recently reported to the Air Force by letter. The letter does not contain sufficient information to allow a reliable conclusion, therefore it is requested that you and the other witnesses independently complete the attached questionnaires and return them to us in the attached self-addressed envelope.

The United States Air Force appreciates your interest in this matter.

Sincerely

*R.P. Friend H.C. 15 Mar 62*

for EDWARD H. WIEN  
Colonel, USAF  
Deputy for Science  
and Components
