Dear Sir:

An odd shaped object seemed to be anchored in the air when my Uncle and his Daughter saw it. They watched it from the porch for some time. My Uncle went down through the yard thinking he cou'd see it better, but it must have come down for he lost sight of it. He was looking against the hill and knew it about 200 to 250 feet away. He knew it did not go back up in the air, for he woud have seen it. If it did not come down the on'y thing it cou'd have done woud be to float up the valley. It came down in this manner and was approximately these dimensions. The color was red, but it was a wine red or a brick red. My Uncle went back but it was in the woods and he did not find anything. At the end of the field of his farm there is a large track of woods which connects with the state woods. The object keeps haunting me, so I decided to send in a report.

This object was seen on a Thursday or a Friday, March 1959.
It was seen west of Corsica, Clarion county. 25 or 26

Sincerely yours,

Sigel, Pa.

Dear Miss [REDACTED]

I refer to your letter of 15 April 1959 concerning an Unidentified Flying Object sighting West of Corsica, Clarion County.

Your letter contained insufficient data to allow a valid conclusion. Therefore, I am inclosing U.S. Air Force Technical Information Sheet which should be completed and forwarded direct to the Air Technical Intelligence Center, Wright-Patterson AFB, Ohio.

When an evaluation and/or analysis has been completed, you will hear from us.

Sincerely,

Dear Sir:

I had my Uncle answer the questions on the U.S. Air Force Technical Sheet. Up to this time I had not told him I had sent in any information about seeing this object.

He said Sunday he would answer any questions, but he did not want a lot of papers sent to him to be filled out. I think perhaps we have covered what they saw. If you have any more forms to be filled out please send them to me, and I'll take them to him.

We did not give his phone number, for it is a little hard for him to talk on the telephone.

I do not have a phone at the office, but my home phone number is [REDACTED]
[REDACTED] Clarion, Pa., exchange.

We haven't said anything about this object being seen, for if something did come down I know it should not be tampered with.

My Uncle's neighbors are scattered and I don't think he would speak about it, for he would not want people going back to the wood over his grain field.

If something did come down it would be very hard to locate, since the foliage is no the trees.

Perhaps you will know from the information if something did come down.

My Uncle said he watched it for two minutes after his Daughter called him. He thought perhaps he would get a better look if he went down in the yard. When he went down off the porch he had to pass the garage, and that covered him about seven feet, so he lost trace of it.

My Cousin watched from the porch, but she can't say how it disappeared. It could be she took her eyes off it just a second to look at her Dad. It could have floated down the valley in the wood or come down.

The location would be about a mile west of where the Sharon to Stroudsburg highway road grade is now coming out on road route 322, (Lake-To-Sea).

You will know if this information is of any interest to you. If you would like to send someone here, my Brother or I would meet you at some place, or if we are not able to we would call my Uncle's place and tell him. You can go there and he no doubt would tell you everything he could and would take you to the place if he is well.

Sincerely,

Sig^e, Pa.
