Gentlemen

I am sending you a report on a UFO sighting I experienced. This report is the truth and nothing but the truth. You will find my name, address, phone number, age, and grade on other sheet. You probably wonder why I waited so long in giving this report. I wanted to make sure what the object was. I have read book after book on Flying Saucers and now I am convinced that what I saw was a Flying Saucer. You will find a drawing of this object on the back of this paper.

not climb and then disappear but  
just disappeared at the snap of  
fingers. In my backyard I  
was staring into my house when  
I saw the object. I was looking  
~~southwest~~<sup>southwest</sup> when I first noticed  
the object. When I last saw  
the object I was looking west.  
There were scattered clouds in the  
sky. It was day and warm. You are  
the officials I have reported this  
sighting to. No one else was  
with me when I saw the object.  
This is the first time I saw an  
object like this but I have read  
much about them. The object was  
very slow.

How long I saw object. 2 minutes fairly certain. Condition of sky, just a trace of daylight. There were a few stars and a dull moonlight. Object was much brighter than background of the sky, much brighter than a car headlight right in front of me. The object moved from one horizon and disappeared about 100 feet over my head. I keept did not go behind anything. I observed the object without the help of a telescope etc. It made no sound and was glowing on the edges and the object itself was black. I must have been about 150 feet long & do not know the width. The object was about. The object did

as I said in the questionnaire I was in my backyard when the UFO. It was moving very slowly. I got up and and watched it. as it came closer I thought I might try to signal it but I was to afraid. I could see what looked like windows and there was a glow from inside it. and then it just disappeared.

I went over the possibility it was a searchlight but I've seen to many as them because of the many shopping centers in this area. I have a collection of UFO reports from all over the country and this seems to match a couple of them. I have a book from other years in the world.
