7. LENGTH OF OBSERVATION 30 Seconds		8. NUMBER OF OBJECTS three		9. COURSE NE	
10. BRIEF SUMMARY OF SIGHTING 3 round objects, size of a dime at arm's length Nr 1 was white Nrs 2 and 3 were red and white. "2 and 3 were in formation going about 500 mph. Weather balloon was launched at 0001Z. Aurora in area. 2 F-86's from ANG were in area and reported a meteor.				11. COMMENTS Witness probably observed the meteor and then the 2 F-89's. The aurora or light reflected from the balloon could possibly have initiated the sighting, however they would have been observed for a greater duration than the 30 seconds reported as the total observation time.
