3. DATE-TIME GROUP Local <u>1720</u> GMT <u>18/2220Z</u>	4. TYPE OF OBSERVATION <input checked="" type="checkbox"/> Ground-Visual <input type="checkbox"/> Air-Visual	<input type="checkbox"/> Ground-Radar <input type="checkbox"/> Air-Intercept Radar
5. PHOTOS <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	6. SOURCE Civilian	
7. LENGTH OF OBSERVATION not given	8. NUMBER OF OBJECTS two	9. COURSE NW
10. BRIEF SUMMARY OF SIGHTING Two objects moving "very fast" from SE to NW just above horizon. Described as yellow lines with optic length of 4 ft. This rules out a/c. Did not specify duration of sighting or manner of disappearance. Sky was clear and observation took place toward setting sun.	11. COMMENTS Very limited information. Request for additional information was sent, but no reply received. From limited information no conclusion can be reached. Case classed as insufficient data. Very probable that sighting was of contrails.

Cincinnati, December 18, 1960

Department of the Air Force
Washington D. C.

Gentlemen,

May we draw your attention to the following event:

Today, Sunday afternoon, December 18, at 5,20, we sighted in the sky two strange objects, occurring in bright yellow lines, optic length about 4 feet.

They were moving in quite a distance from each other from South East to North West, parallel to horizon with a considerable high speed. The local direction was about Kentucky - Ohio - Indiana.

It was a clear, absolute cloudless sky and the bright red horizon after sunset affected this appearance.

We are sure, that these were UFO's, especially since we have read the newest books about that flying saucers.

Yours sincerely

[REDACTED]
Cincinnati, Ohio
