UFO Sighting, Wantagh, New York, May 61

2 Dec 64

1. We have received a report of an unidentified flying object from [REDACTED], Wantagh, New York dated 6 Nov 64.

2. The sighting of May 61 to which they refer is too old to warrant an investigation. In all probability the object was an aircraft of some sort. It is suggested that a Fact Sheet be included with the Air Force's reply.

Dear Sirs:

I have just finished reading "The Report on unidentified Flying Objects" by the former head of Project Blue Book, Edward J. Ruppelt. My friend (Charles Ambrogio) and I were always interested in U.F.O's.

I am writing this in behalf of my friend . Until now I did not know the existence of your research group, this is why I did not write earlier.

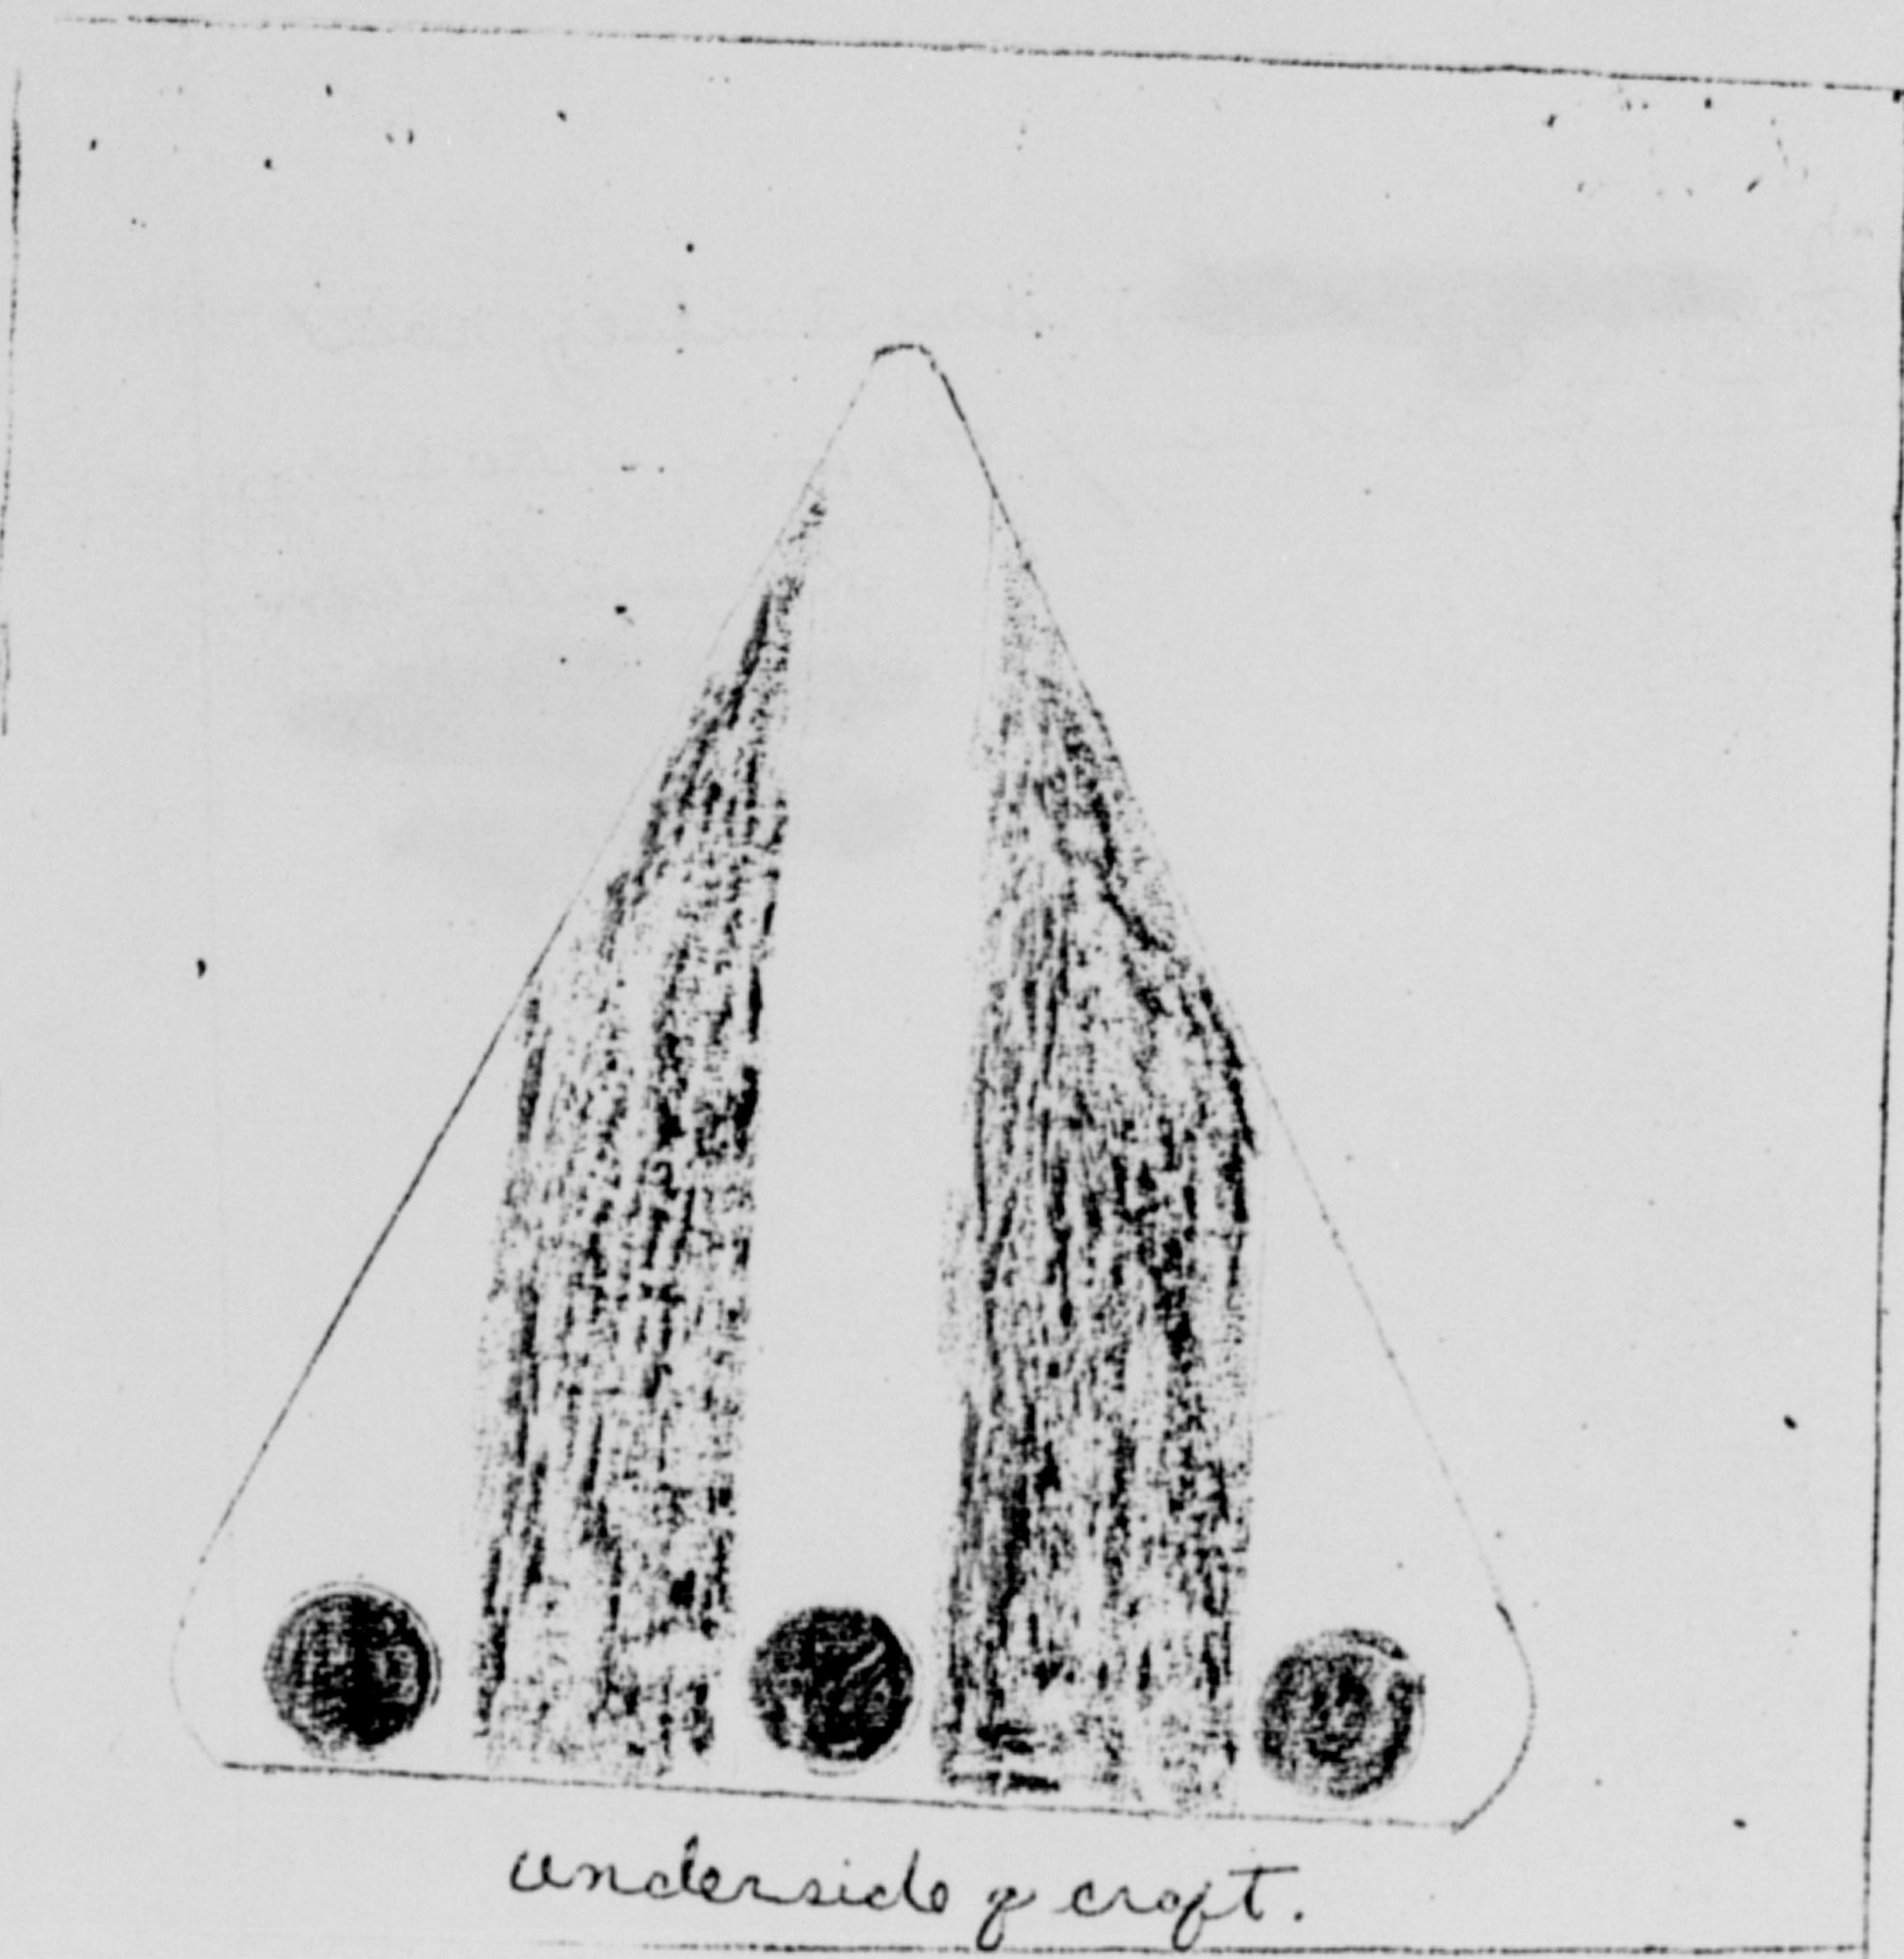

We are both 15 years old. In your book you mention that you needed sightings that are in great detail. My friend in May, 1961, made such a sighting. I'll let my friend write about it now.

Sometime in May of 1961, I can't remember the day, I saw an U.F.O. It was about 3:55 PM and I was standing at the intersection of Wantagh Avenue and Sarah Drive. It was a delta winged craft and it had 2 red and 3 white stripes running from its nose to its back. It also had what appeared to be 3 blue lights mounted on its underside. I saw the craft for about 20 to 30 seconds traveling North to South. It was going pretty fast and then it slowed down and finally stopped in mid-air. Then I couldn't believe my eyes, it went straight up and it disappeared because of its height. I am enclosing a drawing of the craft, which I hope will help you in your investigation.

I ([REDACTED]) saw 3 silvery round
objects. I'm not sure if they were O.F.O's.

Respectfully Yours

[REDACTED]
