CASE

Summer 1961

Dear Defence Department

One summer night in 1961 about July 4th
and brothers saw something that looks
like a big white object that kept moving
in and out again for long time it was
there and appeared are eyes but was it one of
your balloons I ask a man about it and he
said that he would bring a telescope, but he
not bring it, but could you answer this
for me don't think that I am going to be
funny because I'm not thank you.
