Dear Sirs

As my wife & I & Kids was watching
a Movie at drive in theater. We were facing
South at about a 45 degree angle we observed
a light the color of the Stars. moving from
a Westerly direction to a easterly direction.
About the size of radio- it moved on past a direct
Southward line to a eastward Position And
I Presume out of the same Range as ~~shooting~~
shadow of the earth. Other words disired &
turned around & Came back a little
higher in the sky. I first thought it was
echo as it was about its size maby Bigger
& it appeared to weave as wobble as it went
but when it turned & Come back. I then
Presumed it was a Controlled space Craft
of some sort. If it had been a jet that
high you Could not have made out a
light. This was on Aug 4, 61 at about
10.30 day light saving time. We have allways
thought we have some thing that are
gov Ots wishes the ~~Pupil~~ People
not to know about but not then we are

being visited by some unknown beings as I do not believe the Russians are ahead of us.

Sincerely yours
