Office of Unidentified Flying Objects
Wright-Patterson Air Force Base
Dayton, Ohio

Gentlemen:

The recent paper pick up of two unidentified flying objects on December 29th at Patuxent Naval Air Station has prompted me to write and tell you of my experience.

In 1962 I was living in Morgantown, West Virginia and teaching at Grafton High School in Grafton, West Virginia. One night at approximately 6:30 p.m. in either January or February 1962 my wife and I were on our way to the Grafton-Elkins basketball game in Grafton. We were enviously looking from our home when I saw five flying objects. I said to my wife "Mary look at the sky". They were disappearing at the end of the horizon as she looked up and saw them. When I first saw them they were at the other end of the horizon. We both have identical descriptions of the objects.

1003539

Yours truly,
