7. LENGTH OF OBSERVATION 1 min		8. NUMBER OF OBJECTS one		9. COURSE NW	
10. BRIEF SUMMARY OF SIGHTING Round object, reddish in color, size of a wash-tub. Broke up into 2 funnels of fire. Described as "brilliant fire" observed falling toward the ground from the NW. Disappeared below trees. Observation during the day. Fort St. John reported meteor at 02/1640Z in this area.				11. COMMENTS Although the duration for the sighting was reported as 1 min, the case is evaluated as a meteor. Since no mention of the meteor which appeared at the same time as the sighting was made by the witness, it is felt that the time was overestimated and the witness observed the meteor reported by the St. John weather bureau.

BRIEF SUMMARY OF SIGHTING:

Object Described as brilliant fire observed falling toward the ground from the NW. Disappeared below trees. Observation during the day. Fort St. John reported meteor at 02/1640Z in this area. (Object was round, reddish in color, size of a washtub. Broke up into two funnels of fire.)

EVALUATION: CASE CATEGORY: Astro (Meteor)

CONCLUSION:

Although the duration was reported as one minute, for the sighting, the case is evaluated as a meteor. No mention of the meteor was made by the witness. ~~It appeared at the same time as the sighting~~ it is felt that the time was overestimated and the witness observed the meteor by the St John WX Bureau.
