10. BRIEF SUMMARY OF SIGHTING

Obj observed rising in the South and moving toward the North. Rose vertically and at point overhead turned NE. At this point obj flashed and seven objs in arrowhead formation eminated fm the main body. These objs were in formation and traveled East while the main body resumed flight to the NE. Disappeared at 45 dgr elevation. No radar pickpp at time fm area.

11. COMMENTS

Request for additional information sent to witness. No reply. Investigating official described reliability of observer as shaky. Case considered as insufficient data rather than unreliable rpt, due to failure of witness to complete questionnaire.

ACTION 1 7E (VFO)
2
3 X2A

Monday we all emitted a cry
or at various times. I guess at
one, & they went "ah" "ooo" "ahhh"
formation. A phone call & this
city might be good - probably could
tip them up on that number
minutes.

Winds were about right for a
release - some sort of experiment?
But with only 1 person I'd
[illegible] in staying
[illegible] I'd
[illegible] & fill out. I'd like
to see what it does with it.
