Dear Sir;

My name is [REDACTED] I am fourteen years old.
On June²⁸, 1964, at 8:00 I saw what looked
like a U.F.O.

At that time I was looking through my
telescope looking at the Moon, when I
thought I saw a airplane go by.

So sometimes I follow planes with my
telescope, so I follow it.

Then all of a sudden it stop in
mid air. At first I thought it
was a helicopter, but there was
no sound at all. As I looked
through my telescope I noticed it
was disc in shape, the size was
about like a B-29.

At that time there was no
wind at all, there was some
clouds in the south.

I watched the object for a
half an hour. Then all of a sudden
it went straght up and out sight.

I was wondering if you could
send me some U.F.O. stories that has
happened in the past year, so I
could study them and make my own
conclusions.

I'm living at [REDACTED]
Drive Richmond, VA.
