Gentlemen;

As I have read many books about flying saucers, I came across the book, " Flying Saucers and the U.S. Air Force," by LT. COL. Lawrence J. Tacker, U.S.A.F. In it you requested I that anyone with any information to please write in, so I decided I would.

On Thursday, June 10, 1965, I spotted a flying object that I would consider a flying saucer. It was somewhat V shaped, left no vapor trail, and it was white in color with a blinking effect.

I hope this information will be of some use to you. I would also appreciate it very much if you could send me any more information on flying saucers.

I would appreciate a reply very much.

Sincerely yours,
