9. PHYSICAL EVIDENCE ☐ Yes ☒ No	

16 Aug. 65

Mrs. Hunt/man/SAFOICC/72842/14 Sep 65

SEP 15 1965

Dear Mr. [REDACTED]:

Your observation on the night of 16 August 1965 has been evaluated as a satellite. The erratic flight can be attributed to an illusion as one light passes another or to atmospheric conditions such as a temperature inversion which could cause the object to appear to have such an erratic movement.

Sincerely,

JOHN F. SPAULDING
Lt Colonel, USAF
Chief, Civil Branch
Community Relations Division
