Dear Sir

BIRDS

Dec 20, 1965

my name is [REDACTED]

(18 NOV)

and I live at

41 N.Y.C., I think

I have some information concerning U.F.O.

on the night of Nov-18, 1965, I took my

Dog to the Backyard to do its Duty (Pardon the

the time was about 5:40 PM. and about 5:45 PM,

as I stood by the Backdoor of the Cellar door,

I had a feeling or notion to look up at the

sky, and all in a sudden I seemed to

have a full object flying south. The flying

object was in view for about 4 or 5 seconds. The

flying object was still flying south. The Building

was in the way and that was the last time I saw

it. The flying object, when I first saw it, I

thought I was seeing things, maybe

I thought I was seeing something like an

airplane or jet plane, but the moving or flying

object did not seem like the object I had

described above. The flying object was

flying close together like this (OO) I was

going to write about the object I

saw that night of Nov-18, 1965. But I thought

I had better not because I thought

no one will believe me, that is all

I hope this information will be of some

value to you. Yours truly
