UFO Information
Bunkerhill Air Force Base
Peru, Indiana

Dear Sirs:

On January 3, 1966, we called the base reporting a UFO sighting. Again we are reporting two more sightings. We have delayed in these reports since there has been so much controversy over this subject.

January 9, 1966 - Sunday Evening - sighted between 7:31-
7:48 P.M., southwest countryside Sheridan, Indiana.

17 min. duration It was seen continuously although it grew dim occasionally. The night was clear, few stars, bright moon. Appeared as a light brighter than the stars, with prongs of light (rays). It stood still for a time, moved rapidly, seemed to whirl. We noticed search lights came on in the south, northwest and east. Again it was near these radio towers that have flashing red. Hovered at approximately 30 degree angle, changed brightness, shape somewhat, disappear and reappear. speed up and rush away.

Had witnesses: Mr. [redacted] - 66 yrs. old
[redacted]
Sheridan, Indiana

[redacted] - child 13 yrs. old

An approximate drawing:

This had nucleus of light in center with color from white, pale yellow and pale reds. More yellow than red.
