TDET/UFO (Maj Quintanilla/70916/mhs/6 Oct 67)

UFO Observation & Photographs, February 1966

Mr. [REDACTED] I

Rochester, New York 14613

1. Reference your recent observation and subsequent photograph of an unidentified flying object. The negative was submitted to Wright-Patterson Air Force Base photo experts for analysis. Examination revealed a lack of image definition which precluded positive identification of the object. A reliable sensitometric examination could not be made because the negative provided was a copy negative, therefore, it does not contain the granular structure of the original. The evidence presented is actually insufficient in terms of determining the exact stimulus.

2. If you ever observe another UFO we suggest you contact the nearest AFB. Each base has its own UFO investigator and such a person is in a far better position to conduct an on-the-spot investigation.

JAMES C. MANATT, Colonel, USAF
Director of Technology and Subsystems

DATE OF REPORT 8 September 1967

SUBJECT UNIDENTIFIED FLYING OBJECT

LOCATION Rochester, New York

DATE 24 February 1967

PHOTOGRAPHY

AF IR QUALITY Poor

P NRS Kodak 127 B/W Copy Negative

1. PURPOSE: This report is in answer to Work Order Number 67-117 submitted by Major Quintanilla, TDET/UF, to determine the identity of an image shown in a copy negative furnished by [REDACTED] Rochester, New York.

2. ANALYSIS: Lack of image definition precludes identification of the "object". A reliable sensitometric examination could not be made because the negative provided is a copy negative and therefore does not contain the granular structure of the original.

UFO Observation and Photograph

Mr. [REDACTED]

Rochester, New York 14613

Reference your recent correspondence concerning the status of your photograph which you submitted to our office for analysis. I regret the delay; however, at times a backlog does occur. We do not have our own photography experts but must depend on another section here at Wright-Patterson Air Force Base. Your negative has been submitted to the photo analysts and we should be hearing from them in a couple of weeks. We will then return your negative with our analysis.

Dear Sirs;

I have sent a UFO FTD Form 164 and a negative to you over four weeks ago and I have not had an answer as of yet. If you do not have the analysis of the UFO sighting done within the next few weeks I would like the negative back. If it is done please have the analysis and the negative sent to me as soon as possible.

I would appreciate it very much.

Sincerely,
[REDACTED]

UFO Observation, February 24, 1966

Mr. [REDACTED]

Rochester, New York 14613

Reference your recent correspondence in which you mentioned your unidentified observation of 24 February 1966 and subsequent photographs. Additional information on your sighting and your original negative are needed to perform a scientific investigation. Request you complete the attached photographic data sheet and FTD Form 164 and return them with your original negative. Upon completion of analysis we will return your negative along with our findings.

U.S. AIR FORCE TECHNICAL INFORMATION

This questionnaire has been prepared so that you can give the U.S. Air Force as much information as possible concerning the unidentified aerial phenomenon that you have observed. Please try to answer as many questions as you possibly can. The information that you give will be used for research purposes. Your name will not be used in connection with any statements, conclusions, or publications without your permission. We request this personal information so that if it is deemed necessary, we may contact you for further details.

1. When did you see the object?

Thurs-24 February 1966
Day Month Year

2. Time of day: 8: 35
Hour Minutes

(Circle One): A.M. or P.M.

3. Time Zone:

(Circle One): a Eastern
b. Central
c. Mountain
d. Pacific
e. Other _____

(Circle One): a. Daylight Saving
b Standard

4. Where were you when you saw the object?

[Redacted] Rochester New York
Nearest Postal Address City or Town State or County

5. How long was object in sight? (Total Duration)

1 30
Hours Minutes Seconds

a. Certain
b Fairly certain

c. Not very sure
d. Just a guess

5.1 How was time in sight determined? Watch

5.2 Was object in sight continuously? Yes _____ No ✓

6. What was the condition of the sky?

DAY
a. Bright
b. Cloudy

NIGHT
a Bright
b. Cloudy

7. IF you saw the object during DAYLIGHT, where was the SUN located as you looked at the object?

(Circle One): a. In front of you
b. In back of you
c. To your right

d. To your left
e. Overhead
f. Don't remember

8. IF you saw the object at NIGHT, what did you notice concerning the STARS and MOON?

8.1 STARS (Circle One):

- a. None
- b. A few
- ☒ c. Many
- d. Don't remember

8.2 MOON (Circle One):

- a. Bright moonlight
- b. Dull moonlight
- c. No moonlight - pitch dark
- ☒ d. Don't remember

9. What were the weather conditions at the time you saw the object?

CLOUDS (Circle One):

- ☒ a. Clear sky
- b. Hazy
- c. Scattered clouds
- d. Thick or heavy clouds

WEATHER (Circle One):

- a. Dry
- b. Fog, mist, or light rain
- c. Moderate or heavy rain
- d. Snow
- ☒ e. Don't remember

10. The object appeared: (Circle One):

- ☒ a. Solid
- b. Transparent
- c. Vapor
- d. As a light
- e. Don't remember

11. If it appeared as a light, was it brighter than the brightest stars? (Circle One):

- ☒ a. Brighter
- b. Dimmer
- c. About the same
- d. Don't know

11.1 Compare brightness to some common object:

12. The edges of the object were:

- (Circle One):
- a. Fuzzy or blurred
 - b. Like a bright star
 - ☒ c. Sharply outlined
 - d. Don't remember

e. Other _____

13. Did the object:

(Circle One for each question)

- | | | | |
|---|-----|-------------------------------------|---|
| a. Appear to stand still at any time? | Yes | ☒ No | Don't know |
| b. Suddenly speed up and rush away at any time? | Yes | ☒ No | Don't know |
| c. Break up into parts or explode? | Yes | ☒ No | Don't know |
| d. Give off smoke? | Yes | ☒ No | Don't know |
| e. Change brightness? | Yes | ☒ No | ☒ Don't know |
| f. Change shape? | Yes | ☒ No | Don't know |
| g. Flash or flicker? | Yes | ☒ No | Don't know |
| h. Disappear and reappear? | Yes | ☒ No | Don't know |

It seemed to blink off and on

14. Did the object disappear while you were watching it? If so, how?

went off into the horizon

15. Did the object move behind something at any time, particularly a cloud?

(Circle One): Yes ☒ No Don't Know. IF you answered YES, then tell what it moved behind: _____

16. Did the object move in front of something at any time, particularly a cloud?

(Circle One): Yes ☒ No Don't Know. IF you answered YES, then tell what in front of: _____

17. Tell in a few words the following things about the object:

a. Sound NONE

b. Color yellowish-white

18. We wish to know the angular size. Hold a match stick at arm's length in line with a known object and note how much of the object is covered by the head of the match. If you had performed this experiment at the time of the sighting, how much of the object would have been covered by the match head?

a quarter of the UFO.

19. Draw a picture that will show the shape of the object or objects. Label and include in your sketch any details of the object that you saw such as wings, protrusions, etc., and especially exhaust trails or vapor trails. Place an arrow beside the drawing to show the direction the object was moving.

20. Do you think you can estimate the speed of the object?

(Circle One)

Yes

☒ No

IF you answered YES, then what speed would you estimate? _____

21. Do you think you can estimate how far away from you the object was?

(Circle One)

Yes

☒ No

IF you answered YES, then how far away would you say it was? _____

22. Where were you located when you saw the object?

(Circle One):

- a. Inside a building
- b. In a car
- ☒ c. Outdoors
- d. In an airplane (type) _____
- e. At sea
- f. Other _____

23. Were you (Circle One)

- a. In the business section of a city?
- ☒ b. In the residential section of a city?
- c. In open countryside?
- d. Near an airfield?
- e. Flying over a city?
- f. Flying over open country?
- g. Other _____

24. IF you were MOVING IN AN AUTOMOBILE or other vehicle at the time, then complete the following questions:

24.1 What direction were you moving? (Circle One)

- | | | | |
|--------------|--------------|--------------|--------------|
| a. North | c. East | e. South | g. West |
| b. Northeast | d. Southeast | f. Southwest | h. Northwest |

24.2 How fast were you moving? _____ miles per hour.

24.3 Did you stop at any time while you were looking at the object?

(Circle One)

Yes

No

25. Did you observe the object through any of the following?

- | | | | | | |
|-----------------|-----|----|---------------|--------------------------------------|-------|
| a. Eyeglasses | Yes | No | e. Binoculars | ☒ Yes | No |
| b. Sun glasses | Yes | No | f. Telescope | ☒ Yes | No |
| c. Windshield | Yes | No | g. Theodolite | Yes | No |
| d. Window glass | Yes | No | h. Other | _____ | _____ |

26. In order that you can give as clear a picture as possible of what you saw, describe in your own words a common object or objects which, when placed up in the sky, would give the same appearance as the object which you saw.

a soup bowl with upside down

27. In the following sketch, imagine that you are at the point shown. Place an "A" on the curved line to show how high the object was above the horizon (skyline) when you *first* saw it. Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you *last* saw it. Place an "A" on the compass when you *first* saw it. Place a "B" on the compass where you *last* saw the object.

28. Draw a picture that will show the motion that the object or objects made. Place an "A" at the beginning of the path, a "B" at the end of the path, and show any changes in direction during the course.

29. IF there was MORE THAN ONE object, then how many were there? _____
Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.

30. Have you ever seen this, or a similar object before. If so give date or dates and location.

No

31. Was anyone else with you at the time you saw the object? (Circle One)

(Yes)

No

31.1 IF you answered YES, did they see the object too? (Circle One)

(Yes)

No

31.2 Please list their names and addresses:

Mrs. [redacted]
[redacted]
[redacted]
[redacted]

32. Please give the following information about yourself:

NAME

Last Name

First Name

Middle Name

ADDRESS

Street

City

Zone

State

ZIP

TELEPHONE NUMBER

AGE

SEX

Indicate any additional information about yourself, including any special experience, which might be pertinent.

33. When and to whom did you report that you had seen the object?

March 1966
Day

March
Month

66
Year

T.M. Wright
Author of a soon to be
published book
The intelligent man's guide to
flying saucers

34. Date you completed this questionnaire:

~~thru~~ 3

Day

Aug

Month

67

Year

35. Information which you feel pertinent and which is not adequately covered in the specific points of the questionnaire or a narrative explanation of your sighting.

PHOTOGRAPHIC DATA

1. Type and make of camera *Imperial Satellite II*
2. Type, focal length, and make of lens *127*
3. Brand and type of film *Kodak 127 black*
4. Shutter speed used *white*
5. Lens opening used; that is, "f" stop
6. Filters used *NO*
7. Was tripod or solid stand used *NO*
8. Was "panning" used *NO*
9. Exact direction camera was pointing with relation to true North, and its angle with respect to the ground.
45° angle N.W.
10. If supplemental information is unobtainable, the minimum camera data required are the type of camera, and the smallest and largest "f" stop and shutter speed readings of the camera.

Dear,

*this is not the
original negative
I lost the original
& had a new one
made*

*Please don't misplace the
Negative*

July 17, 1967

Project Bluebook
Wright-Patterson Air Force Base
Dayton, Ohio

Gentlemen;

The enclosed photograph was taken in Rochester, New York, at 8:45 p.m., February 24, 1966 with an inexpensive camera using size 127, black and white film. I am submitting it to you for evaluation.

Being the photographer, I can assure you that the photo is not a hoax, and, to the best of my knowledge, is not the result of misinterpretation of natural phenomena. Accompanying me when the photo was taken were Mrs. [REDACTED], her son, and [REDACTED], all of Rochester.

Thankyou for your cooperation.

Very truly,

[REDACTED]
[REDACTED]
