

# PROJECT 10073 RECORD

1. DATE - TIME GROUP 20 March 66 21/0100Z	2. LOCATION Elyria, Ohio
3. SOURCE Civilian	10. CONCLUSION Insufficient Data
4. NUMBER OF OBJECTS One	Form 164 requested over 30 days and not returned as of this date. If form 164 returned, sighting will be evaluated.
5. LENGTH OF OBSERVATION N/R	11. BRIEF SUMMARY AND ANALYSIS Observer said object was real large, and beautiful with its colors of the rainbow. Said they could not hear any sound due to the traffic on the route next to her house. Then she decided to turn the lights off to see if the object was moving. At the time it wasn't. So she turned her car lights back on and decided to pull over on the opposite side of the drive, when she did this, the object moved very slowly. Object was going south. Observerx blinked her car lights, then it was stationary, then moved on. Observer stated object was large and not too high above her, could see the oval outline then flares all around it.
6. TYPE OF OBSERVATION Ground Visual	
7. COURSE South	
8. PHOTOS <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	
9. PHYSICAL EVIDENCE <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

Dear M. [REDACTED]

Reference your letter of 7 April 1966 regarding an unidentified observation which you made on 20 March 1966. The information contained in your letter was not sufficient for evaluation. Request you complete the attached FTD Form 164 and return it in the envelope provided.

We wish to thank you for reporting your observation to the Air Force.

Sincerely,

*Hector Quintanilla, Jr.*

Dear Sir,

after seeing this object in the sky on Mar 20<sup>th</sup> (Sunday) night at 8:00, I called the Air Force and on Monday they gave me your address, then on Monday night it was in the paper where these objects had landed in Michigan.

To show you how sincere I am as I sit here writing to you. just like you would believe your boys in the Air Force that saw something on their Radar, as my son was in the Radar Sq. (Sage/AD. C in Mill Valley Calif.

So as an Air Force Mother I feel it my duty to write to you.

and also explain to you what I saw.  
 I live in Elyria, south of the  
 City and this object was going  
south. As I was turning  
 into my drive here was this  
 real large object in the sky.  
 at first when you see it you  
 think to yourself what is that.  
 but yet it is so beautiful with  
 its colors of rainbow, so I  
 stopped my car immediately rolled  
 down the window but the cars  
 on Rt 20 kept me from hearing <sup>any sound</sup>.  
 So I decided to turn my lights  
 off to see if it was moving  
 which it was not. So I  
 turned my lights back on.  
 and decided to pull over on  
 the opposite side of drive then

when I did that it moved very slowly on. Truthfully I did get scared when I found out after I blinked my lights it was stationery. <sup>it then moved on.</sup> I put the car away and ran real fast into the house, and told my husband. I was going to come in and get my husband but I didn't want to lose sight of it.

In its oval shape it reminded you like the dirigables. I could see the oval outline then flares all around it.

all colors  
of rainbow.  
and large  
and not too  
high above me.  
will never forget this.

I have served on Jury Duty  
for Murder Trials and you  
are not supposed to talk about  
it, but I know this was  
definitely something it had to be.  
So please in your utmost  
confidence. Hoping you don't  
mind me writing and telling  
you, but if the Air Force is  
doing this for security, all  
well and good. But I do hope  
to hear from you, as that is  
what you would want more  
sincere people giving you  
exact descriptions and information.

Most sincerely,

Mrs. [REDACTED]

Elyria, Ohio
