Maj. Hector Quintanella, Jr.

Sir:

In anything that I've read or heard on the subject of U.F.O.'s, I can't seem to get a real answer to what the object was that my husband and I saw in the sky on the 11th of Apr. at 9:00 AM & 9:00 PM. Sand. 164

Enclosed you will find a rough copy of the sketch I drew as I watched, (not having a single roll of film in the house). I still think of it as a balloon or weather satellite or such, but as all night go by, I feel I'd like to know more of just what it was.

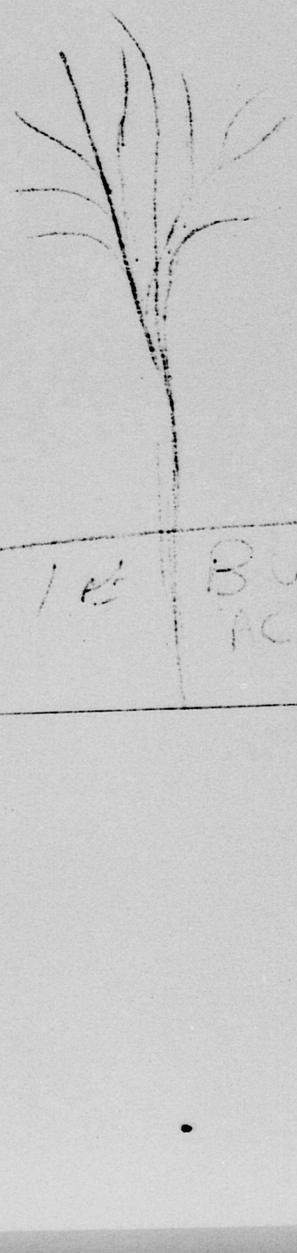

Dixie Lee Told Them some type of object was seen in Cygnet, Ohio about 6:00 P.M. on the 11th of Oct. — also, about 2 wks before, it was seen about 3 miles from my home here in Sharpsville, Pa.

If it is at all possible for you to enlighten me on this matter any information on as to where I could obtain any information, it would be greatly appreciated.

Thank you.

Sincerely
