Wright-Patterson AFB, Ohio 45433
13 May 1966

Dear Mrs. ██████████

Reference your recent unidentified observation of 28 April 1966. The information contained in your letter of 5 May was not sufficient for evaluation. Request you complete the attached FTD Form 164 and return it in the envelope provided.

Also included for your information is the brochure on Project Blue Book which describes the program to date.

We wish to thank you for reporting your observation to the Air Force.

Sincerely,

HECTOR QUINTANILLA, Jr, Major, USAF
Chief, Project Blue Book

2. Blue Book

May 5, 1966

Gentlemen -

on the night of 4-28-66
about 9 o'clock. My husband,
myself and my young son
observed a pattern of lights
that were travelling at a
very low speed at low
altitude. The lights were
green when first sighted,
were green but turned to a
bright flashing red. They
would stop and blink very
fast. My husband was in
the air force and he said no
aircraft could travel this slow.
There was no sound.
We would very much like
to receive a copy of
Project Blue Book. (over)

We are aware that Dow
Chemical is experimenting with
a certain type of propulsion
and wonder if their
project is being tested in
this vicinity.
