11. BRIEF SUMMARY AND ANALYSIS

Object appeared oval shaped. There were what appeared to be three lines of electric bulbs, all white, about 2.3 to 3/4 around the object. With BX an object appeared to be leading from the trailing edge. A helicopter tail with a red light at its tip. The object was in the easter sky, slowly moving north, then it slowly turned about into a southern direction. It moved south and then west out of sight. Observer stated objct could have been a Helo with several string of light bulbs around it.

THERE ARE NUMEROUS COMPANIES PARTICIPATING IN AERIAL ADVERTISING IN THE AREA. CONTACT WAS MADE WITH THE FAA 5 MONTHS AFTER THE SIGHTING. THE FAA DID NOT RECALL ANY CRAFT ENGAGED IN AERIAL ADVERTISING ON 24 SEPT 66; HOWEVER, THEY COULD NOT BE POSITIVE.

Dear Colonel Manatt:

After a thorough check of the records we have available for September 24, 1966, we can find no reference to an unidentified flying object in this area. Since we only keep our daily records and tapes for a period of 15 days, it is impossible to check on individual airplanes in the area at that time.

We are forwarding a copy of your letter to Mr. L. Probst, Chief, General Aviation District Office, North Philadelphia Airport, who may be able to furnish you a list of persons issued banner towing authorizations.
