Gentlemen:

I am sure you must have received many hundreds of such letters in regard to flying saucers etc, and I trust you will not file mine in that category.

Because I am sincerely concerned in regard to the safety of our country I feel it is my duty to report a strange object I saw in the sky last Monday night at approximately 7:15 pm in the vicinity of the Hillview reservoir located here in Yonkers on Central Ave.

I had parked my car on Kneeland Ave to allow my wife to walk a calf at the Fairview Public High School.

as I was watching the skyline a  
ordinary star light object suddenly became  
quite brilliant and enlarged, and then  
returned to its normal size. During this  
time it remained stationary and when  
I got out of my car for a better  
look it moved a short distance to  
the left, stopped + retraced its steps  
going this time further to the right.  
This apparently controlled maneuvering  
lasted for three or four minutes and  
then it finally went off in the  
direction of the nearby laceway in  
absolute silence.

I would probably have dismissed the  
whole thing from my mind, but on  
the following morning the same

News reported that two police officers  
in New Jersey had reported a strange  
object over one of the reservoirs.

Yours very truly,
