Dear Sir:

31 Oct 66 McKees
Rocks, Pa.

I want to write you about an object I had seen twice, on Oct. 21, 1966, at about 2 P.M., and again at 2:20 P.M.

It was a clear, and sunny day. This occurred about 10 to 12 miles east of Greater Pittsburgh Airport. I can not say if object made any sound for each time the object appeared there was air craft in the air.

Its size I am going to compare it with a aircraft which appeared 5 minutes or less before the object appeared, for the second time.

Two minutes before the object appeared a Pa Nat Air Craft appeared at about 10,000 - 12,000 FT.

This lasted about 7-10 seconds, as far
sound I can't say for at this time or after
object disappeared there was a jet and
Copter, that I could hear but did not
see.

at about 2:15 P.M. I was standing in my back yard and felt that the object may appear, I heard a jet coming over it was this delta wing fighter was heading south. At 2:20 P.M. I heard another jet loaded up and seen this object again at same time this T-33 jet trainer appeared.

This was about 2:15 P.M., at 2:20 P.M., this object appeared at about same height. Its size which I compare with the aircraft, "P.A.N.G.", a delta wing fighter, about like this ill. 

Color at first appeared to be dull grey, and became a very bright white.

Just time it appeared I was parked in a supper market lot waiting for my wife, something caught my eye and I can't say what it was but what I saw held my attention. It appeared round, a slight vapor trail, very faint, for 3-4 seconds it was grey it seemed to shift left to right became a bright white and disappeared.

at about 5,000 ft. heading west towards airport. When T-33 appeared to pass under this object it became very bright and just disappeared.
 11h. object going north.

I.

When object appeared second time it passed right over me, it appeared round flat bottom.

Something about my self.

I witnessed weather balloons, the planet venus in the day like, satellites, and other object, but nothing like this.

Thank You and I hope this information can help you.
