Dear Sirs,

Enclosed is a report on a UFO I saw.

I am 16 years old and a junior at Dover Senior High.

I can be reached at the above address or at [redacted]

Thank You

Yours Truly

On Friday, Nov 11, 1966 at approx 10:02 PM
I was walking south on Conger St in Dover.
When I reached the corner of Conger and
Stephen when a bright object moving
west caught my eye (see sheet 2) for
3 seconds it was almost directly overhead.
In a split second it disappeared
for 22 seconds. (The reason for the
blackout came a few seconds later
a propeller driven aircraft passed
over.) When it reappeared it was
much higher and smaller in
2 seconds it was out of sight.
When I first saw it it
was almost 10,000 feet high

I was walking south on Conger St when on the corner of Stephen St. a bright light caught my left eye and I turned around and saw this object. It moved very fast at first but then it slowed down when it was almost overhead. The light dissapeared. A rather noisy propller-driven plane came into earshot. I did not observe this craft but the sound lasted for almost 20 seconds. After the plane left the object reappeared much smaller and higher it was gone in a few seconds.
