[Following NOT AN EXACT QUOTE] ^{Sometimes}
 "I was star-watching" as I customarily do,
 when I saw a light like a plane
 descending rapidly toward the base.
 It was only one light, not two as
 normally the case, and there were no
 blinking red or green lights. When
 near my house, the light suddenly
 vanished and I didn't see it again."
 [witness said "this is not the first time I
 have seen such a thing but it hesitated
 to report it, for fear of the notoriety"]
 [above is my recollection of what
 she said.]
