The object moved in from the east when we saw it first and stopped. that's when we could see the silver dome on it. It got about Thousand feet up from the ground and made about ⅓ or ¼ circle and moved off slowly to the South until it went out of sight.

It stopped aproximately 1 minuet. It was Clearly visible and the bottom part was really glowing.

It looked as if it stopped aproximately over Ent air Force Base. I was about one mile From the Base when we observed the U.F.O.
