1. Reference your telephone conversation with 2nd Lt. Carmon L. Marano on 12 December 1967. The inclosed FTD Forms 164 were allegedly completed by two different persons, yet, the handwriting appears similar. Request your opinion as to whether both forms have been prepared by the same person or not.
2. Thank you for your time, efforts and assistance in providing additional information on this report.

Attention: TDPT/UFO

Dear Sir:

SUBJECT: Visual examination of hand writing specimens on enclosed F.T.D. Forms 161

The two sets of F.T.D. Forms 164 submitted have been examined visually, without the aid of enlarged photographs normally used for this purpose. However, it is my opinion that the hand writing on these forms, in the names of Henry Seay and Orma Farr, were both written by the same person. There are many points of similarity contained in these two specimens, whereas relatively few points of dis-similarity were found.

However, it is further noted on page 6, item 33 of each set that a report was made to the Sheriff of Bethany, Delaware, under date of June 4, 1967, one at 10:00 a.m. and the other at 10:30 a.m. Both sets have been prepared in the same color red ballpoint pen. It is entirely within the realm of possibility both subjects had returned to the Sheriff's office and a third party there prepared both sets. *

Hoping I have been of some assistance in this matter and assuring you of my continuing cooperation in matters of mutual concern, I remain,

Very truly yours,

Sgt. G. A. Young

Personnel Section

* Henry Seay indicated on Form 164 that it was completed on 27 Aug 1967
Mrs. Farr's Form was not sent to her till 28 Sept 1967.
