UFO Observation, 23 - 30 June 1967

Base Operations (Control Tower)
Olmsted AFB, Pennsylvania 17057

1. The Aerial Phenomena Branch is currently investigating an unidentified flying object (UFO) report from Manchester, Pa. The witness described the objects as bright lights that crossed the sky in approximately thirty minutes. These objects, sometimes two at a time, crossed the sky with different headings, the most common was east. The observations occurred between 11 pm and 4 am, 23 - 30 June 1967.

2. Any information you can provide on air activity that may have been responsible for these sightings will be helpful in making our evaluation.

FOR THE COMMANDER

JAMES C. MANATT, Colonel, USAF
Director of Technology and Subsystems

TDET/UFO OFFICIAL FILE CY

U.S. AIR FORCE TECHNICAL INFORMATION

This questionnaire has been prepared so that you can give the U.S. Air Force as much information as possible concerning the unidentified aerial phenomenon that you have observed. Please try to answer as many questions as you possibly can. The information that you give will be used for research purposes. Your name will *not* be used in connection with any statements, conclusions, or publications without your permission. We request this personal information so that if it is deemed necessary, we may contact you for further details.

1. When did you see the object?

Fri. 23, june 1967
Day Month Year
that is when started

2. Time of day: 1st. 1:45 A.M. 25
Hour Minutes

(Circle One): 11:00 (A.M.) — or — (P.M.) 11:00 to

3. Time Zone:

(Circle One): a. Eastern
b. Central
c. Mountain
d. Pacific
e. Other _____

(Circle One): (a.) Daylight Saving
b. Standard

4. Where were you when you saw the object?

Manchester, _____ Pennsylvania
Nearest Postal Address City or Town State or County

5. How long was object in sight? (Total Duration) _____ Hours 30 Minutes _____ Seconds

(a) Certain
b. Fairly certain
c. Not very sure
d. Just a guess

5.1 How was time in sight determined? 6-24-67 the 1st sighting ended at 1:30 the other was there in view till 2:00

5.2 Was object in sight continuously? Yes X No ____

6. What was the condition of the sky?

DAY	NIGHT
a. Bright	(a. Bright) also
b. Cloudy	(b. Cloudy) sometimes

7. IF you saw the object during DAYLIGHT, where was the SUN located as you looked at the object?

(Circle One): a. In front of you
b. In back of you
c. To your right
d. To your left
e. Overhead
f. Don't remember

FORM FTD OCT 62 164 This form supersedes FTD 164, Jul 61, which is obsolete.

8. IF you saw the object at NIGHT, what did you notice concerning the STARS and MOON?

8.1 STARS (*Circle One*):

a. None
(b.) A few sometimes
(c.) Many
d. Don't remember

8.2 MOON (*Circle One*):

(a.) Bright moonlight
(b.) Dull moonlight
(c.) No moonlight – pitch dark
d. Don't remember

9. What were the weather conditions at the time you saw the object?

CLOUDS (*Circle One*):

(a.) Clear sky
b. Hazy
(c.) Scattered clouds sometimes
d. Thick or heavy clouds

WEATHER (*Circle One*):

(a.) Dry
b. Fog, mist, or light rain
c. Moderate or heavy rain
d. Snow
e. Don't remember

10. The object appeared: (*Circle One*):

(a.) Solid
b. Transparent
c. Vapor
d. As a light
e. Don't remember

11. If it appeared as a light, was it brighter than the brightest stars? (*Circle One*):

(a.) Brighter
b. Dimmer
c. About the same
d. Don't know

11.1 Compare brightness to some common object:

_____

12. The edges of the object were:

(*Circle One*): a. Fuzzy or blurred
b. Like a bright star
(c.) Sharply outlined
d. Don't remember

e. Other _____

13. Did the object: (*Circle One* for each question)

a. Appear to stand still at any time?	(Yes)	No	Don't know
b. Suddenly speed up and rush away at any time?	(Yes)	No	Don't know
c. Break up into parts or explode?	Yes	(No)	Don't know
d. Give off smoke?	Yes	(No)	Don't know
e. Change brightness?	Yes	(No)	Don't know
f. Change shape?	Yes	(No)	Don't know
g. Flash or flicker?	Yes	(No)	Don't know
h. Disappear and reappear? 1 or two	(Yes)	No	Don't know

14. Did the object disappear while you were watching it? If so, how?

one went out then relight
one also was over a cloud when cloud passed
it was still there

15. Did the object move behind something at any time, particularly a cloud?

(Circle One): (Yes) No Don't Know. IF you answered YES, then tell what it moved behind: if it was a cloudy night it would go behind a cloud then reappear (or an airplane would fly beneath it.)?

16. Did the object move in front of something at any time, particularly a cloud?

(Circle One): (Yes) No Don't Know. IF you answered YES, then tell what in front of: It passed right beneath a star and the star could not be seen.

17. Tell in a few words the following things about the object:

a. Sound no sound

b. Color bright

18. We wish to know the angular size. Hold a match stick at arm's length in line with a known object and note how much of the object is covered by the head of the match. If you had performed this experiment at the time of the sighting, how much of the object would have been covered by the match head?

As large as our largest stars

19. Draw a picture that will show the shape of the object or objects. Label and include in your sketch any details of the object that you saw such as wings, protrusions, etc., and especially exhaust trails or vapor trails. Place an arrow beside the drawing to show the direction the object was moving.

They were round

20. Do you think you can estimate the speed of the object?

(Circle One) Yes (No)

IF you answered YES, then what speed would you estimate? _____

21. Do you think you can estimate how far away from you the object was?

(Circle One) Yes (No)

IF you answered YES, then how far away would you say it was? _____

22. Where were you located when you saw the object? (Circle One):

a. Inside a building
b. In a car
(c.) Outdoors
d. In an airplane (type)
e. At sea
f. Other _____

23. Were you (Circle One)

a. In the business section of a city?
b. In the residential section of a city?
(c.) In open countryside?
d. Near an airfield?
e. Flying over a city?
f. Flying over open country?
g. Other _____

24. IF you were MOVING IN AN AUTOMOBILE or other vehicle at the time, then complete the following questions:

24.1 What direction were you moving? (Circle One)

a. North
b. Northeast
c. East
d. Southeast
e. South
f. Southwest
g. West
h. Northwest

24.2 How fast were you moving? _____ miles per hour.

24.3 Did you stop at any time while you were looking at the object?

(Circle One) Yes No

25. Did you observe the object through any of the following?

a. Eyeglasses	Yes	(No)	(e.) Binoculars	(Yes)	No
b. Sun glasses	Yes	(No)	f. Telescope	Yes	(No)
c. Windshield	Yes	(No)	g. Theodolite	Yes	(No)
d. Window glass	Yes	(No)	h. Other _____		

26. In order that you can give as clear a picture as possible of what you saw, describe in your own words a common object or objects which, when placed up in the sky, would give the same appearance as the object which you saw.

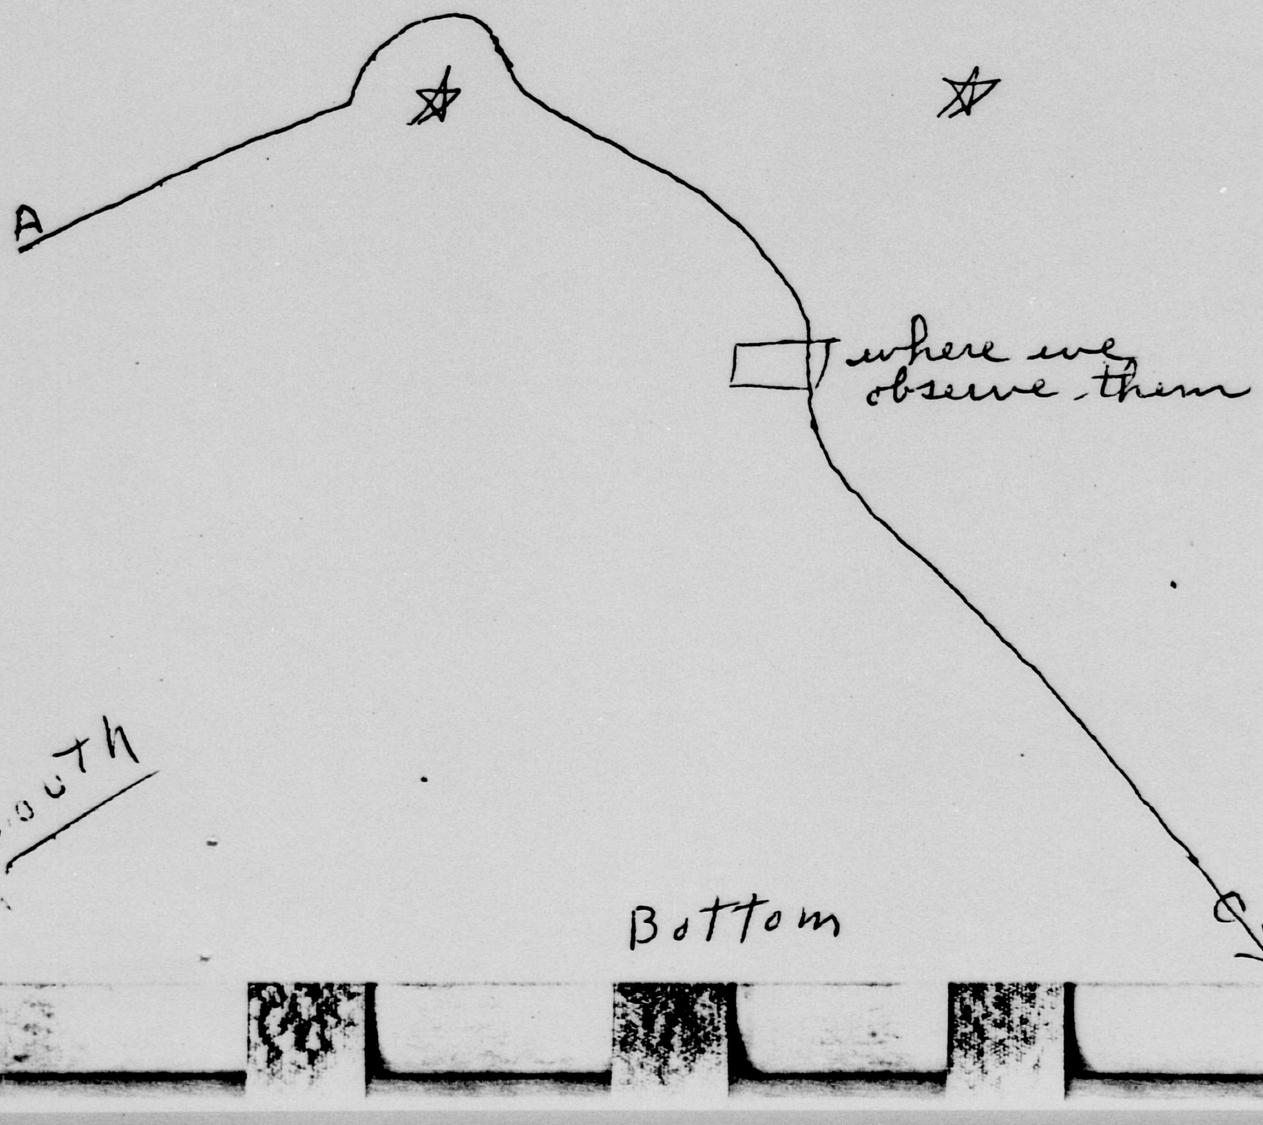

I have no idea.

North

June 27

1st was alone

2nd & 3:rd starting about the same time.

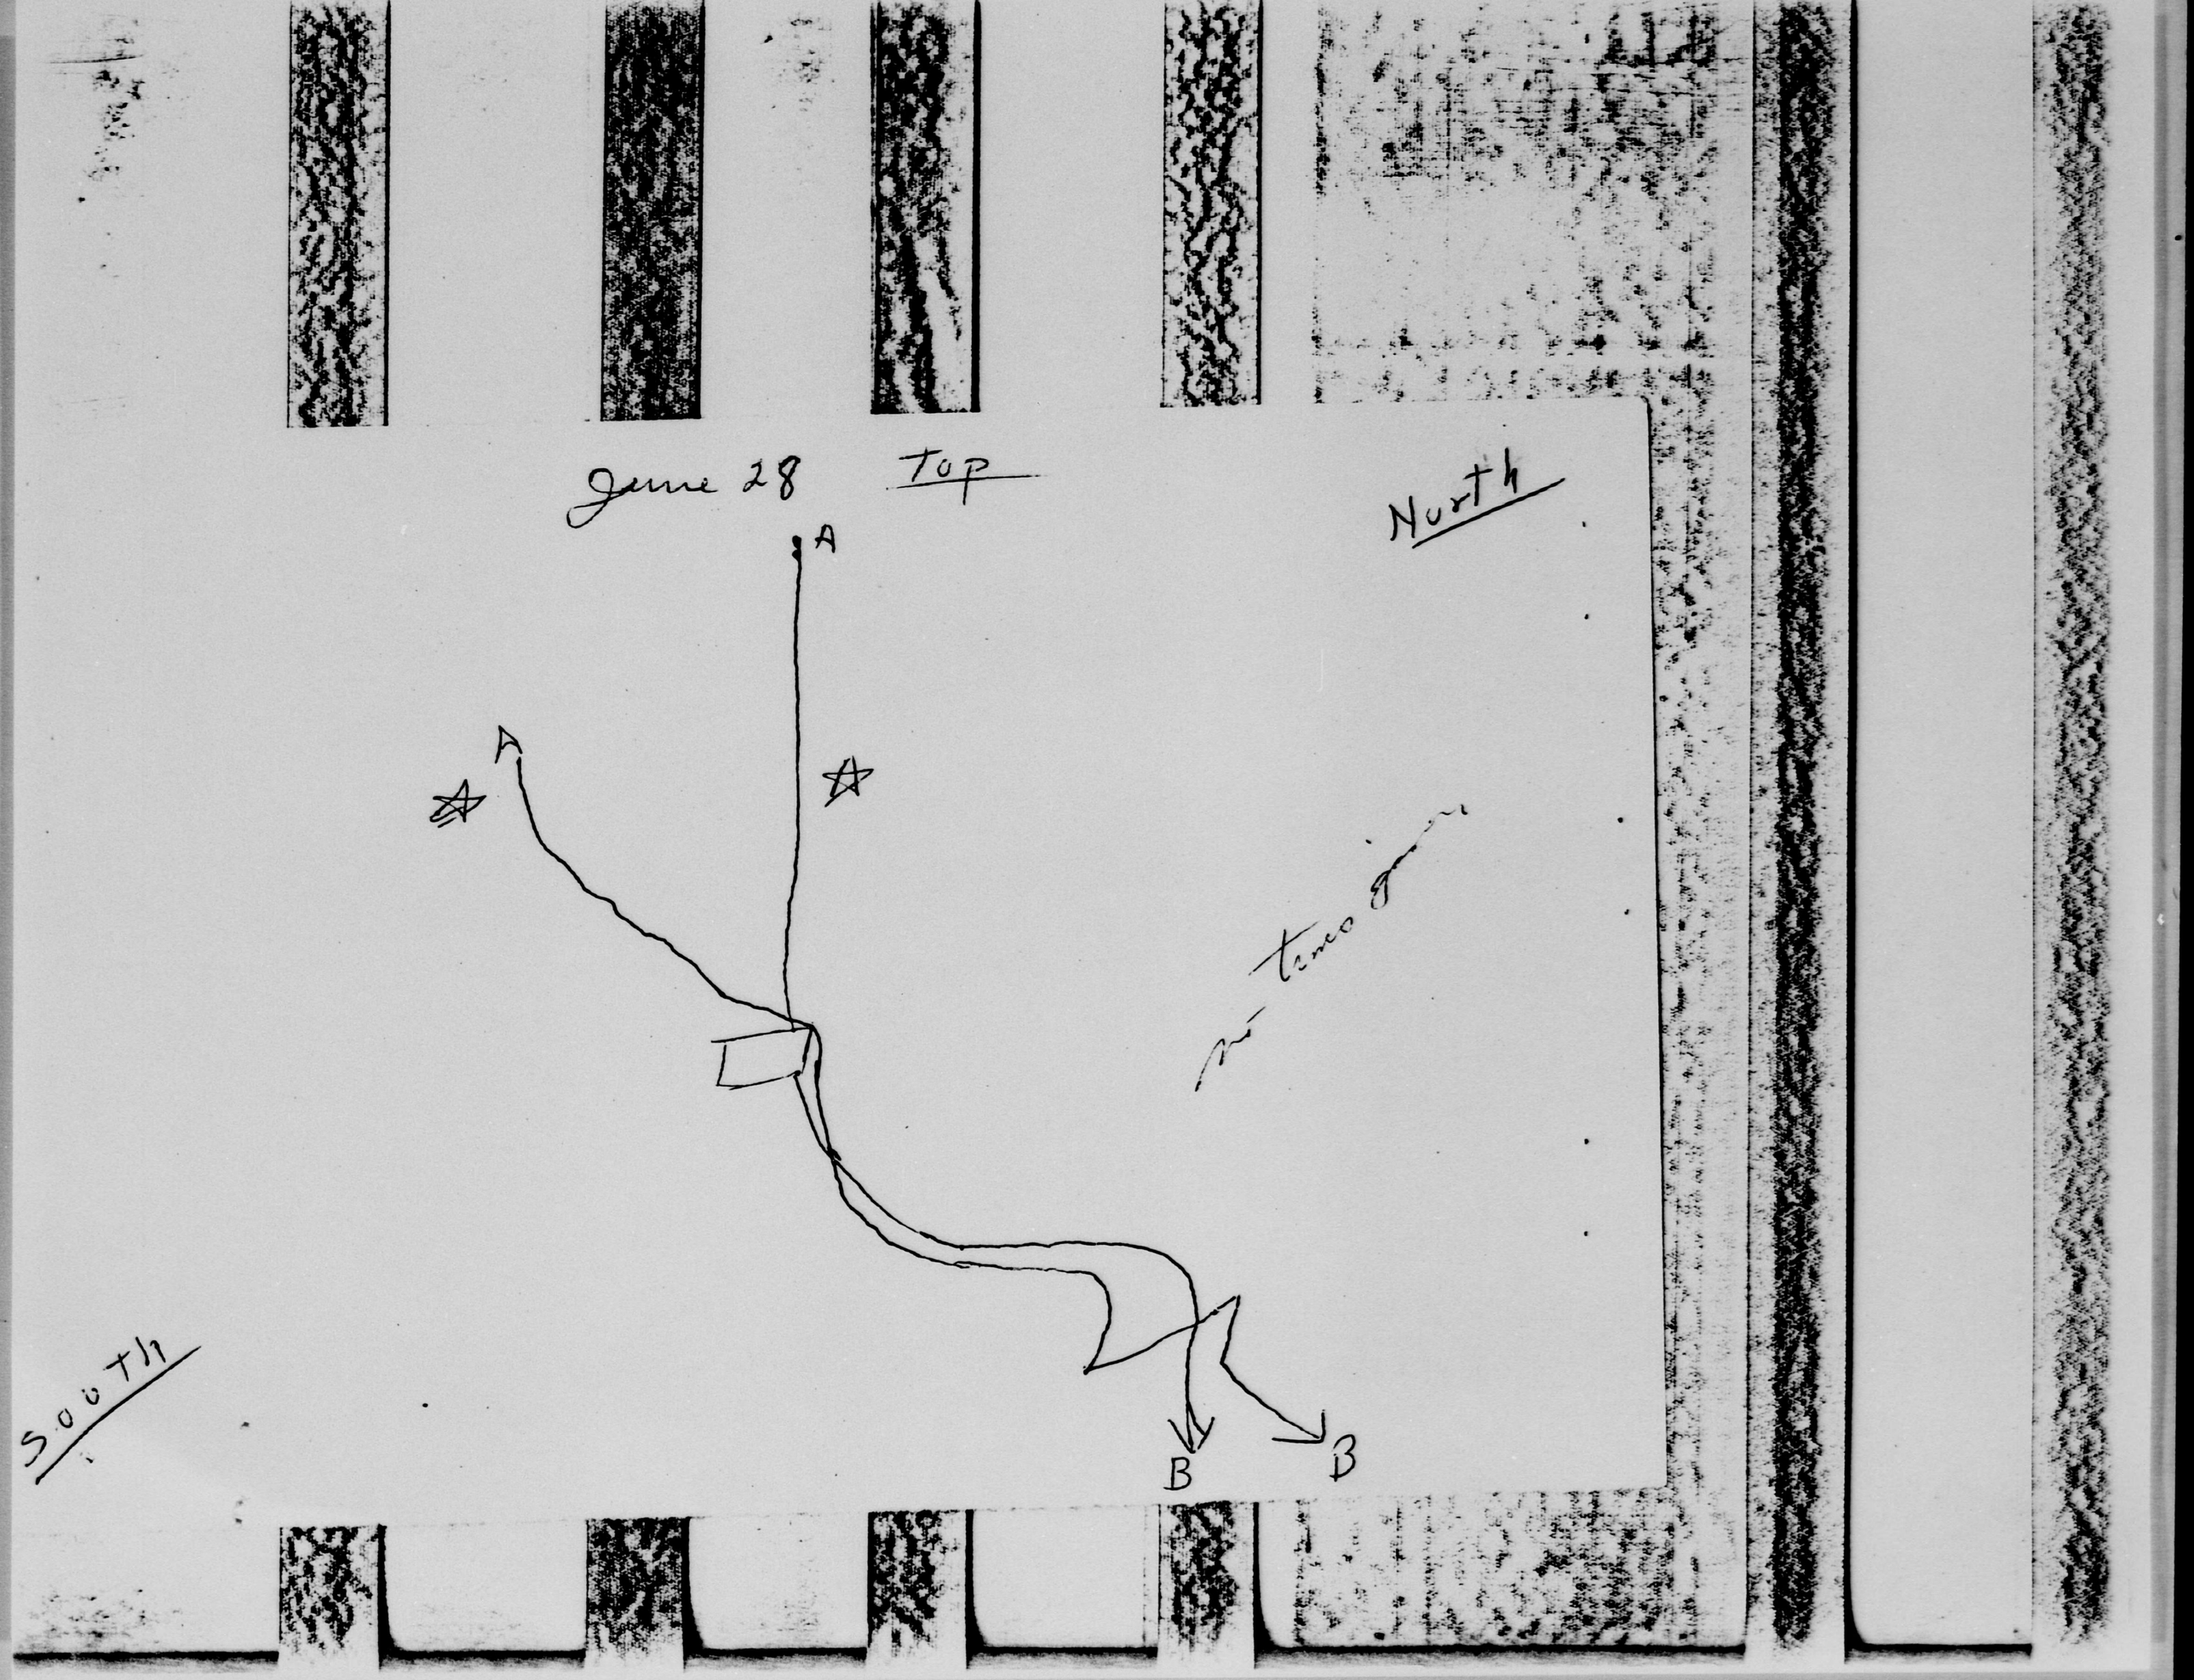

It was very interesting both about the same size.

It looked as if they were go to collide but instead the no 3 made over a half circle around no 2.

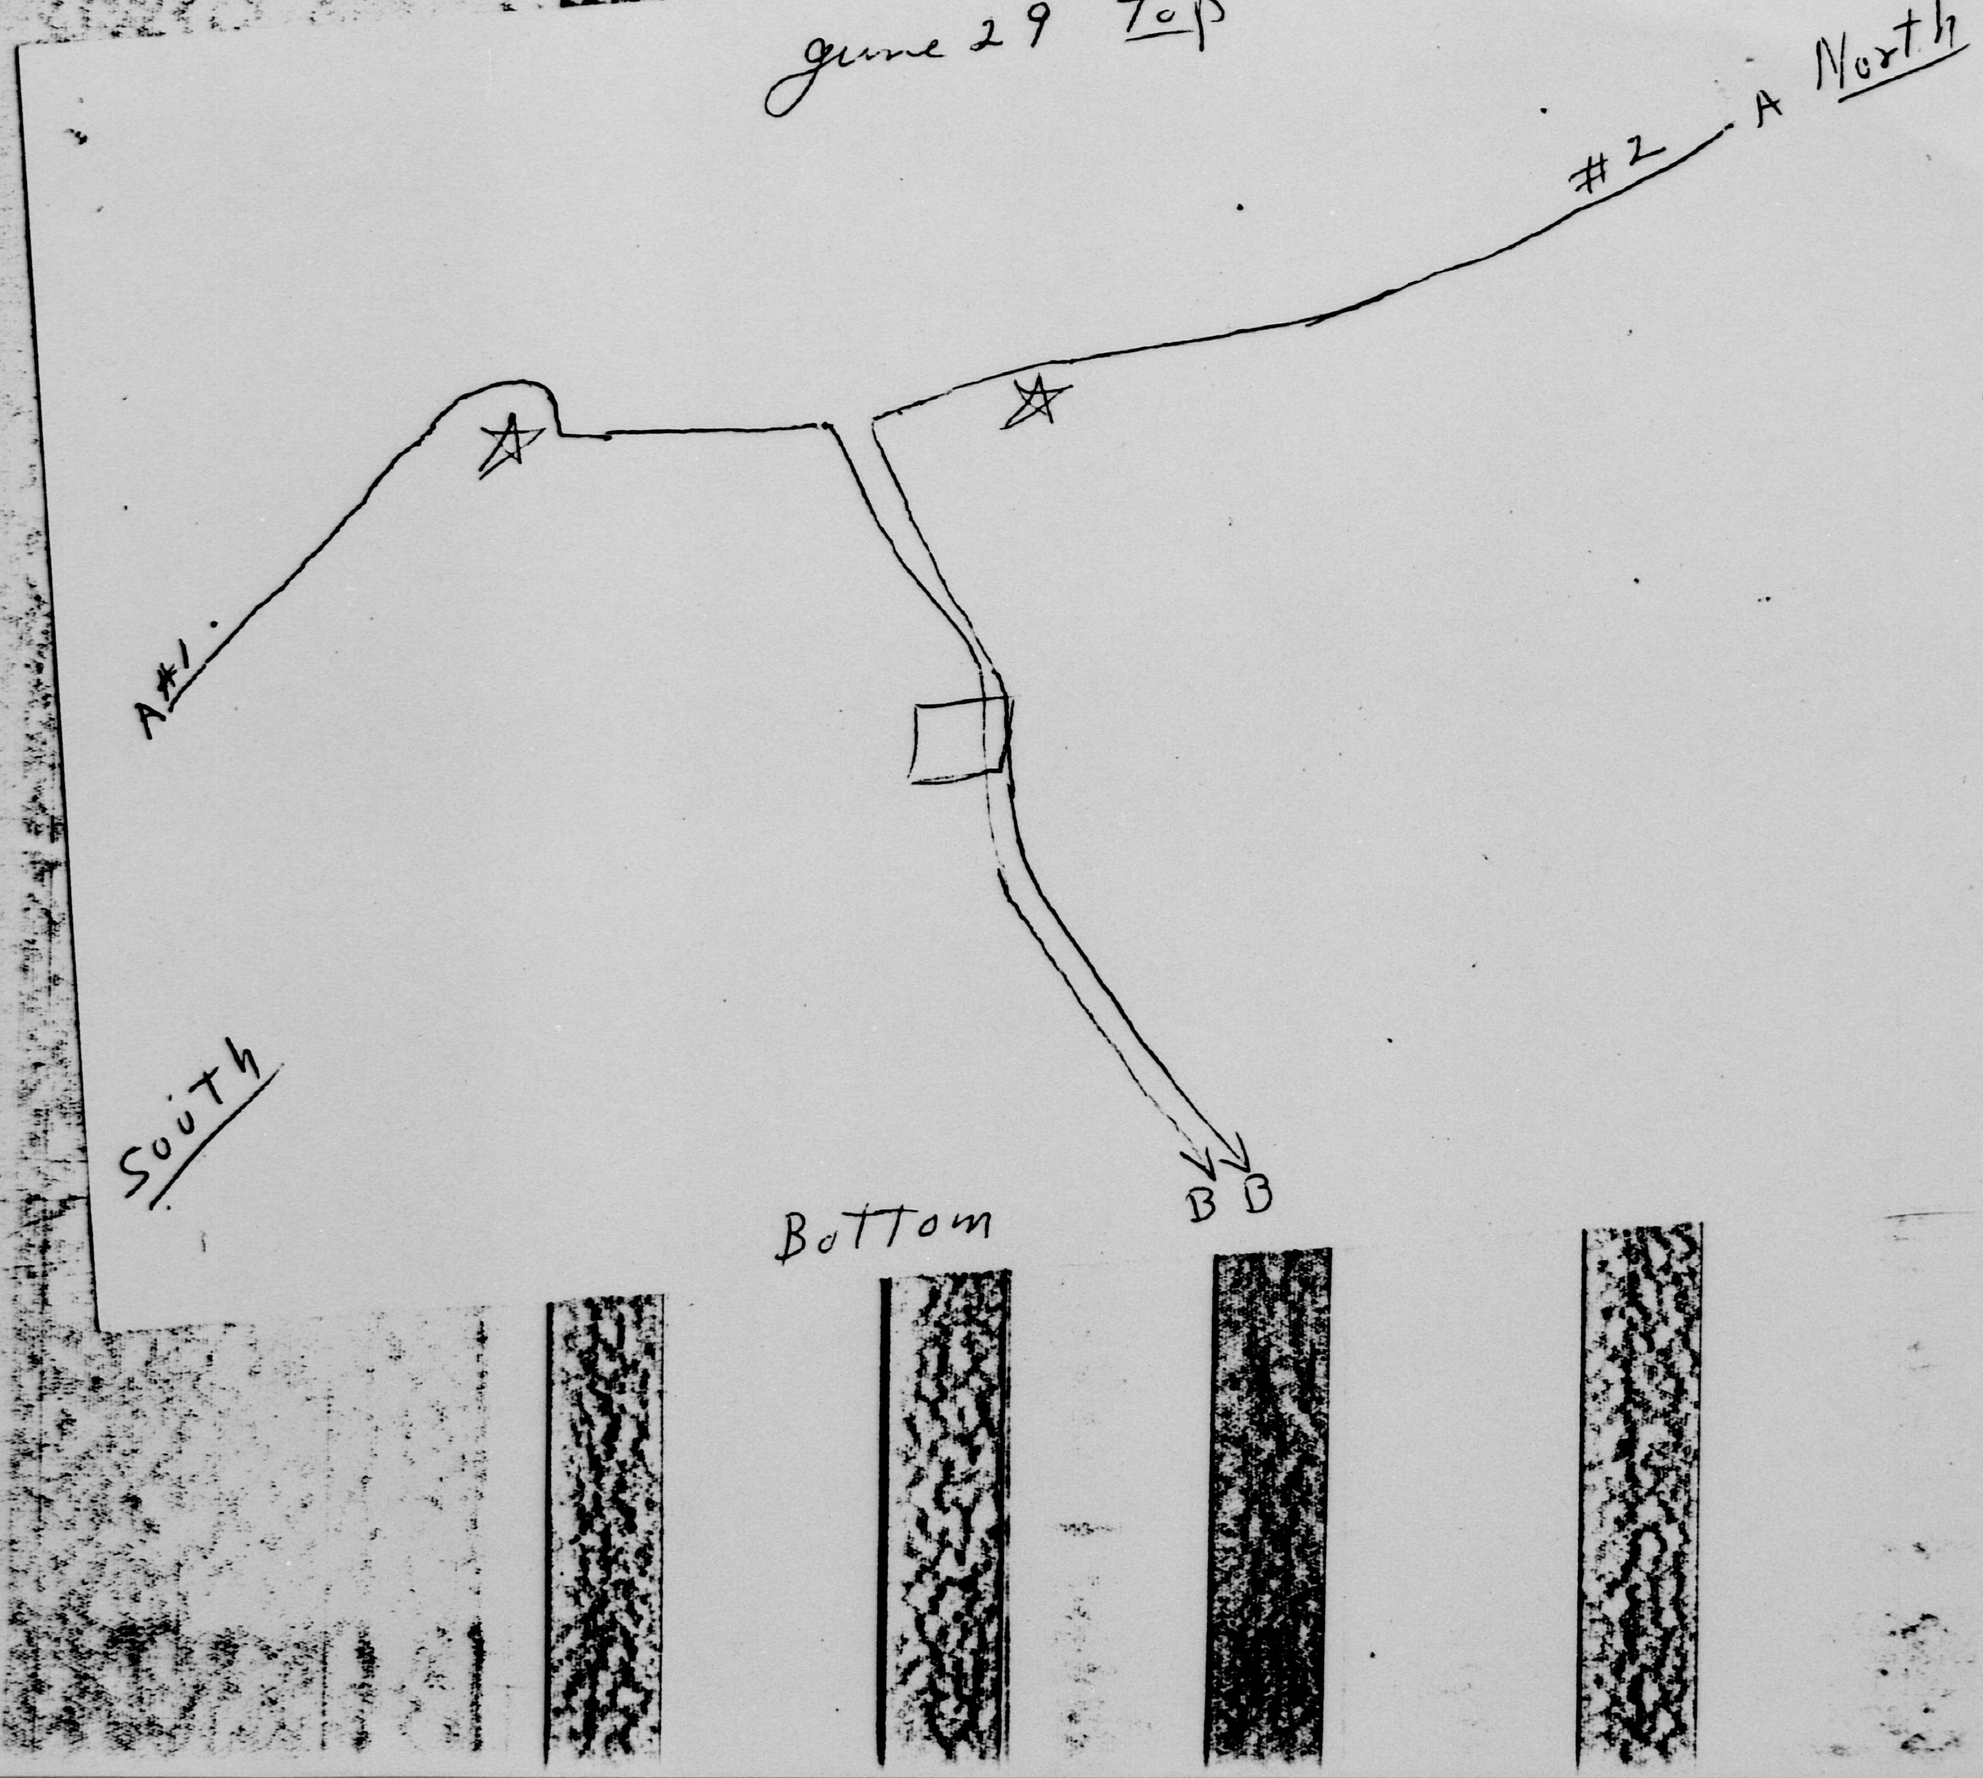

to my knoledge weather ballons, satiliten airplanes etc. do not do this so perfect.

Tom Jr.

June 28 Top

June 29 Top

June 29

#1 and 2 came close to one another about ½ inch then traveled side by side across the sky.

Weather balloon, satilite, airplanes etc. just couldn't have done this so perfect.

no time given

This one just moved or
jerked from side to side then
forward

Bottom

30. Have you ever seen this, or a similar object before. If so give date or dates and location.
I used to watch the satilite Echo 1 But this is larger and brighter - also Echo 1 did not change its path

31. Was anyone else with you at the time you saw the object? (Circle One) (Yes) No

31.1 IF you answered YES, did they see the object too? (Circle One) (Yes) No

31.2 Please list their names and addresses:
My Daughter
Also two friends

32. Please give the following information about yourself:

NAME [redacted] Mrs. H. Helen C.
First Name Middle Name

ADDRESS [redacted] Manchester, Pennsylvania
Street City Zone State

TELEPHONE NUMBER [redacted] AGE 54 SEX female

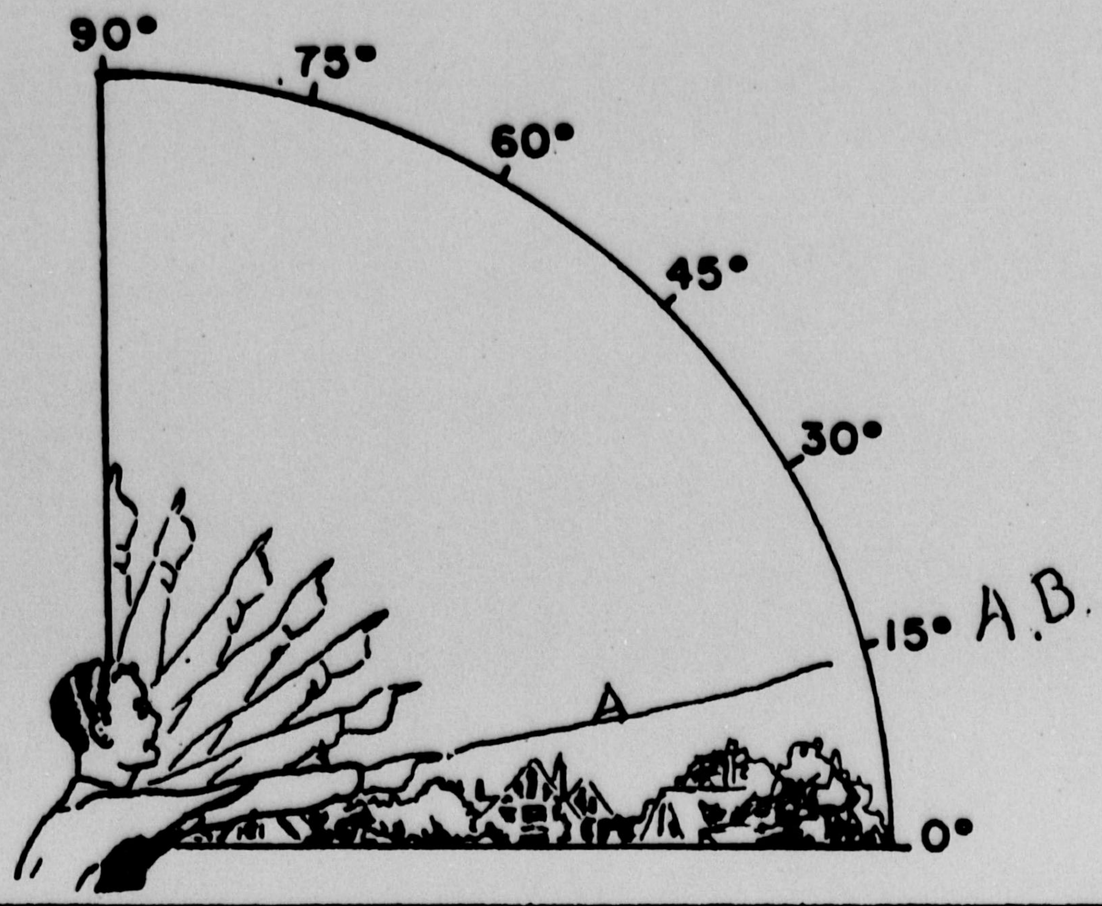

Indicate any additional information about yourself, including any special experience, which might be pertinent.

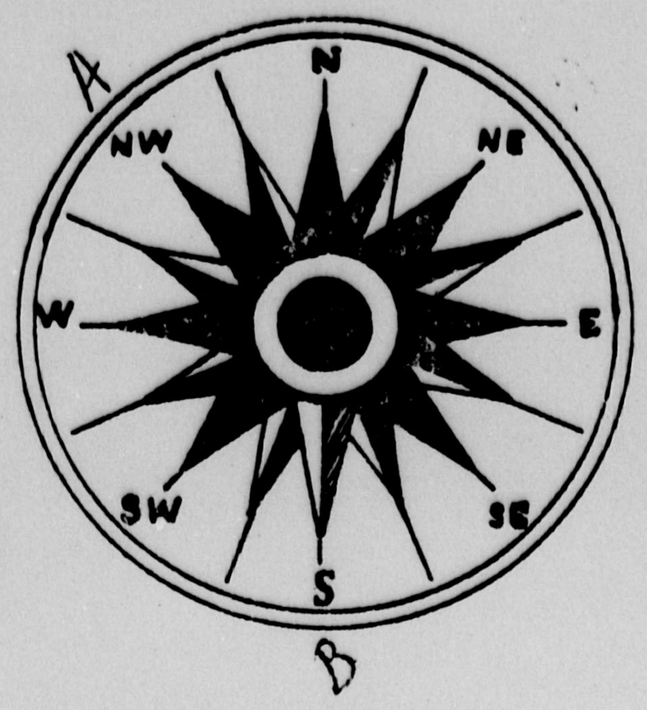

33. When and to whom did you report that you had seen the object? No one

Day Month Year

27. In the following sketch, imagine that you are at the point shown. Place an "A" on the curved line to show how high the object was above the horizon (skyline) when you *first* saw it. Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you *last* saw it. Place an "A" on the compass when you *first* saw it. Place a "B" on the compass where you *last* saw the object.

some went different ways.

28. Draw a picture that will show the motion that the object or objects made. Place an "A" at the beginning of the path, a "B" at the end of the path, and show any changes in direction during the course.

29. IF there was MORE THAN ONE object, then how many were there? _____
Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.

34. Date you completed this questionnaire: 24th. (Day) August (Month) 1967 (Year)

35. Information which you feel pertinent and which is not adequately covered in the specific points of the questionnaire or a narrative explanation of your sighting.

I made a few diagrams please note the same two stars, they passed, went around or ~~through~~ between them. the square is where we observe them. the one marked June 23rd. One made that trip every night.

But June 27th, it met another one and it made a perfect half circle around it also June 29, it met one coming from the north and went beside it both were seen constantly until about 15° above the horizon traveling what seemed to ½" apart with the naked eye, never any farther apart as ang closer together.

In this questionair you have circle one. I had to circle more, because we see so many. All look alike and the same size.

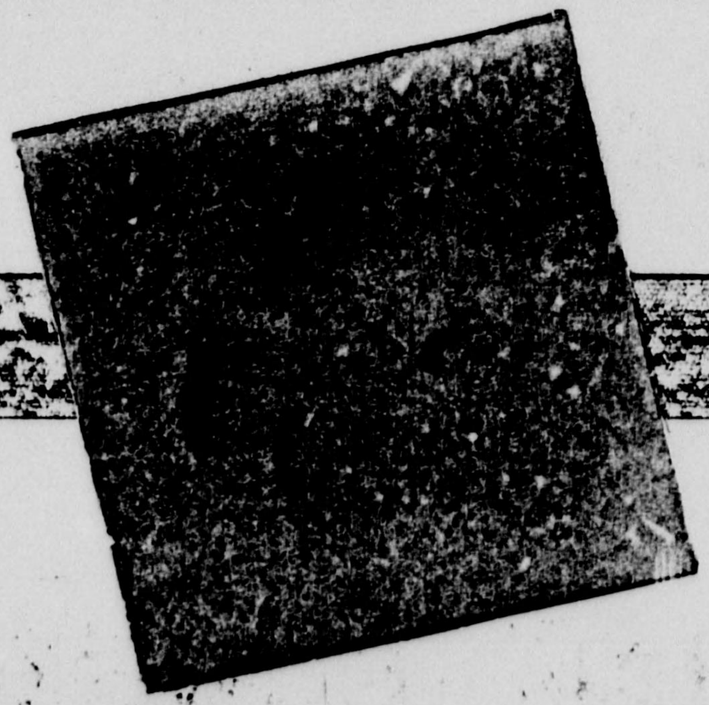

One night in June, on the 11:00 P.M. news broadcast, W.B.A. York Radio Station announced observed and investigating U.F.O.'s (I do not remember how many)

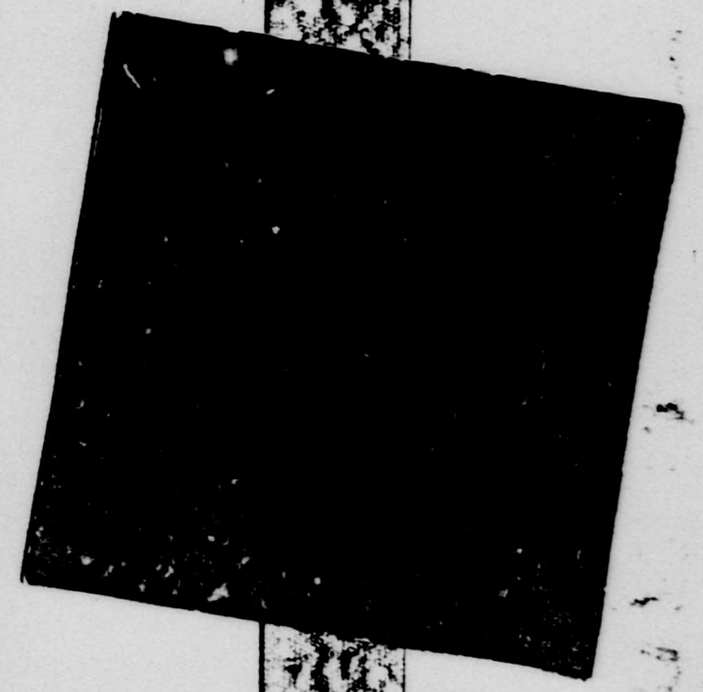

East of Harrisburg Penna. also South of York Penna. Harrisburg is about 17 miles North of Manchester and York is about 9 miles South
