~~Mrs. [redacted]~~

Sylvania, O.

Major Luntella,

This is to report a sighting of Friday
night 11 PM to 11:30 PM from ~~[redacted]~~
Toldeo Ohio and one from Lambertville
Mich the same night at or about
1:00 AM.

The first one was seen by myself &
my husband at the house we didn't move
out of yet. The eleven o'clock news was
when I walked out to the yard and looked
up into a clear bright sky, the stars
were bright and one seemed to be mov-
ing in a horizontal line across from the
pan side of the big dipper, I called my
husband and we watched together while
This "star" continued from West to East
and then turned left to go off into the
East, by that time I had the binoculars
which didn't help much but I could
see the "pulsating."

I was going to forget about this
 until my sister just called me
 from Lambertville and told me
 she had something to tell me. After
 she started I told her I saw it, so
 so she thinks we should report it.
 At first we thought we were
 looking at the same one at the
 same time but her sighting was
 after midnight.

My sister's name is Mrs

~~to [illegible] Colonial~~
Estate, Lambertville, Michigan

Sincerely

Mrs
