j. Lubbock Municipal Airport is located 4 miles south of the point of sighting. The turn to final approach path of Runway 17 (active runway at the time of observation) passes approximately along the flight path of UFO as described by observer.

k. The individual concerned and her sister (14), brother (12) were interviewed on 13 Oct 1967 at 1500L. The flight path of the observed object falls on the traffic pattern of Lubbock Municipal Airport. The landing lights, and confirmation on landing traffic by Lubbock Airport controlling agencies, lead this investigator to believe that object sighted was an airplane landing at Lubbock Municipal Airport.
