About a week ago I sent you three U. F. O. reports which were made out on your U. F. O. forms. Do not send me any forms to do them over because of insufficiant information because I think I know what I may have done wrong on one or more of them. On pages one and two of the form it says place the letters "A" and "B" on certain places in the form. However, I think I may have mistook it where it says "place A "B" on the " " " " etc." I thought it said to place both letters "A" together with "B" as AB wherever designated. If this is what I had done wrong than interpret it as saying just "B" instead of "A B" wherever "AB" is written. If this is not the only mistake than tell me what I did wrong and I will do the form or forms over or you just tell me what I did wrong and

tell me just what is needed and I'll
give you the answers. Some of the
street numbers of the witnesses
addresses may be missing but
that is because it does not
tell them in the telephone book.
