Dear Sirs:

My Name is ~~_____~~

~~_____~~

A Junior or 11th at The P.W. Moore High School here in Elizabeth City, N.C. I have some information and a little bit comments on U.F.O.'s or Flying Saucers. I have a lot of books base on U.F.O.'s, book by Coral and Jim Lorenzan, "title - Flying Saucer Occupants", "Flying Saucers - Serious Business" by Frank Edwards, "They knew too much about Flying Saucers by" Gray Barker, "Flying Saucers on the Attack by" Harold T. Wilkins, "The Flying Saucers Reader" by Jay David, "Flying Saucers, Undenied by" Harold T. Wilkins, "U.F.O. Report by" Irving A. Greenfield, "The Interrupted Journey, From Outer Space to you by" Howard Menger,

Flying Saucers (2) A CHALLENGE TO SCIENCE*

by JACQUES of Sanine Vallee, Terror
Above us by Malcom Kent and many
more. I AM 18 YEARS old. For the past
3 YEARS I HAVE BEEN interesting in Astronomy
But I HAVE SEEN an Unknown or Unidentified
Object Plying through our Skies at nite. It
SHAPE like a Star, About bright as
the Star "Vega" in the Constellation "LYRAE"
About 27 light-years away from here. It has
NO - sound at all. I also have a
3 inch Refractor telescope, It travels Fantasti-
cally, About, between 600 OR 900 mi/per
hour, the Color of it is White but Vega
is Red. One thing Peculiar thing About
it Sometimes it will be coming from the
North going towards the South, then stop in
mid-air and turn around headed back to
North again, Sometimes it will come from
the South traveling toward the North east, But
one nite I saw two of these objects,

both of them at 3 the same time, one with
Noun objects, one night traveling from South going
toward North-east as it was going, I look
up, another one was about 1 mile in the
air above it, as the other got nearer the
other one, the other one that was flying
about 1 mile above the other one, it turn
around and headed back to the East, it was
traveling from East to West. Sometimes the
object will seems to blank out when it
get NEAR Constellation big Bear or ~~little~~
~~Big~~ Big Dipper or Ursa Major. The sightings was
observe about 30 minutes and about 9:00 that is
my brothers have seen the same thing. One, Mike
P saw the object traveling from South to North
and I saw two of them that night NEAR
the Constellation Cassiopeia or the W shape Cons
ations. I remember one night in 1966, it was
ON A Summer Night July 24, 1966, my brothers and
Cousins, and my uncle saw this bright oval shape
blurred object, the time was about 8:00 o'clock, then
a airplane around after the sighting, it was flying
about 100 ft across a field, it was traveling ~~at~~

From South to Northeast, but it turn around
 ahead towards North Again, it was big, bright,
 and blurred and Oval Shape are disc shape
 it was white in Color, it was no jet, airplane,
 Helicopter, it had no sound at all, I couldn't
 determined the size of ~~jet~~ the object, then
 it got brighter & brighter then it disappears.
 Remember, January 12, 1968, I saw a object
 hovering for hours NEAR the horizontal point
 NEAR the South, I sighted it one nite
 when I thought it was the planet Mercury,
 but notice it ~~was~~ moves. My brother told me
 it came from the East going South, it
 shape like a star, with no sound at all, travel
 ing real fast, the sighted was made at
~~10:00~~ 10:00 o'clock. When last year I was
 going home one nite I saw a blurred
 disc-shape object hovering about 900 ft
 in the air, it was cloudy that nite, the clouds
 cover the object up, when the ~~more~~ cloud
 move, the object disappears.

Here is another Sighting ³³ P. Saw this year, this
happen on January 27, 1968, P was outdoors
making terrestriab land-viewing, When P get
home evenings P always take my telescopes,
and watch the Air lines, ^I believed. They're from
New York, New Jersey and Washington D.C., P can
~~distinsh~~ tell the difference between a Air
Force military aircraft and a Jet airliner.
P hope you're not thinking that P am sick,
NEED Classes, or Seeing hallucinations, Illusions or
trying to get publicity or anything, but as P
was looking through the telescope following the trail
of white smoke from the Jet-airliner, P
~~was~~ amazing to see a object, that P have
never seen in my life. P told the teachers
about this sightings, they didn't believe me, they
that P was crazy, that P ~~was~~ drunk. P told my mother about
it, she told me if P keep looking threw
that telescope something is going to grab me.
This object was about (estimation) 3000 or 5000
ft. in the air, it was about the ~~same~~ height
that the Jet was flying, The object was ad

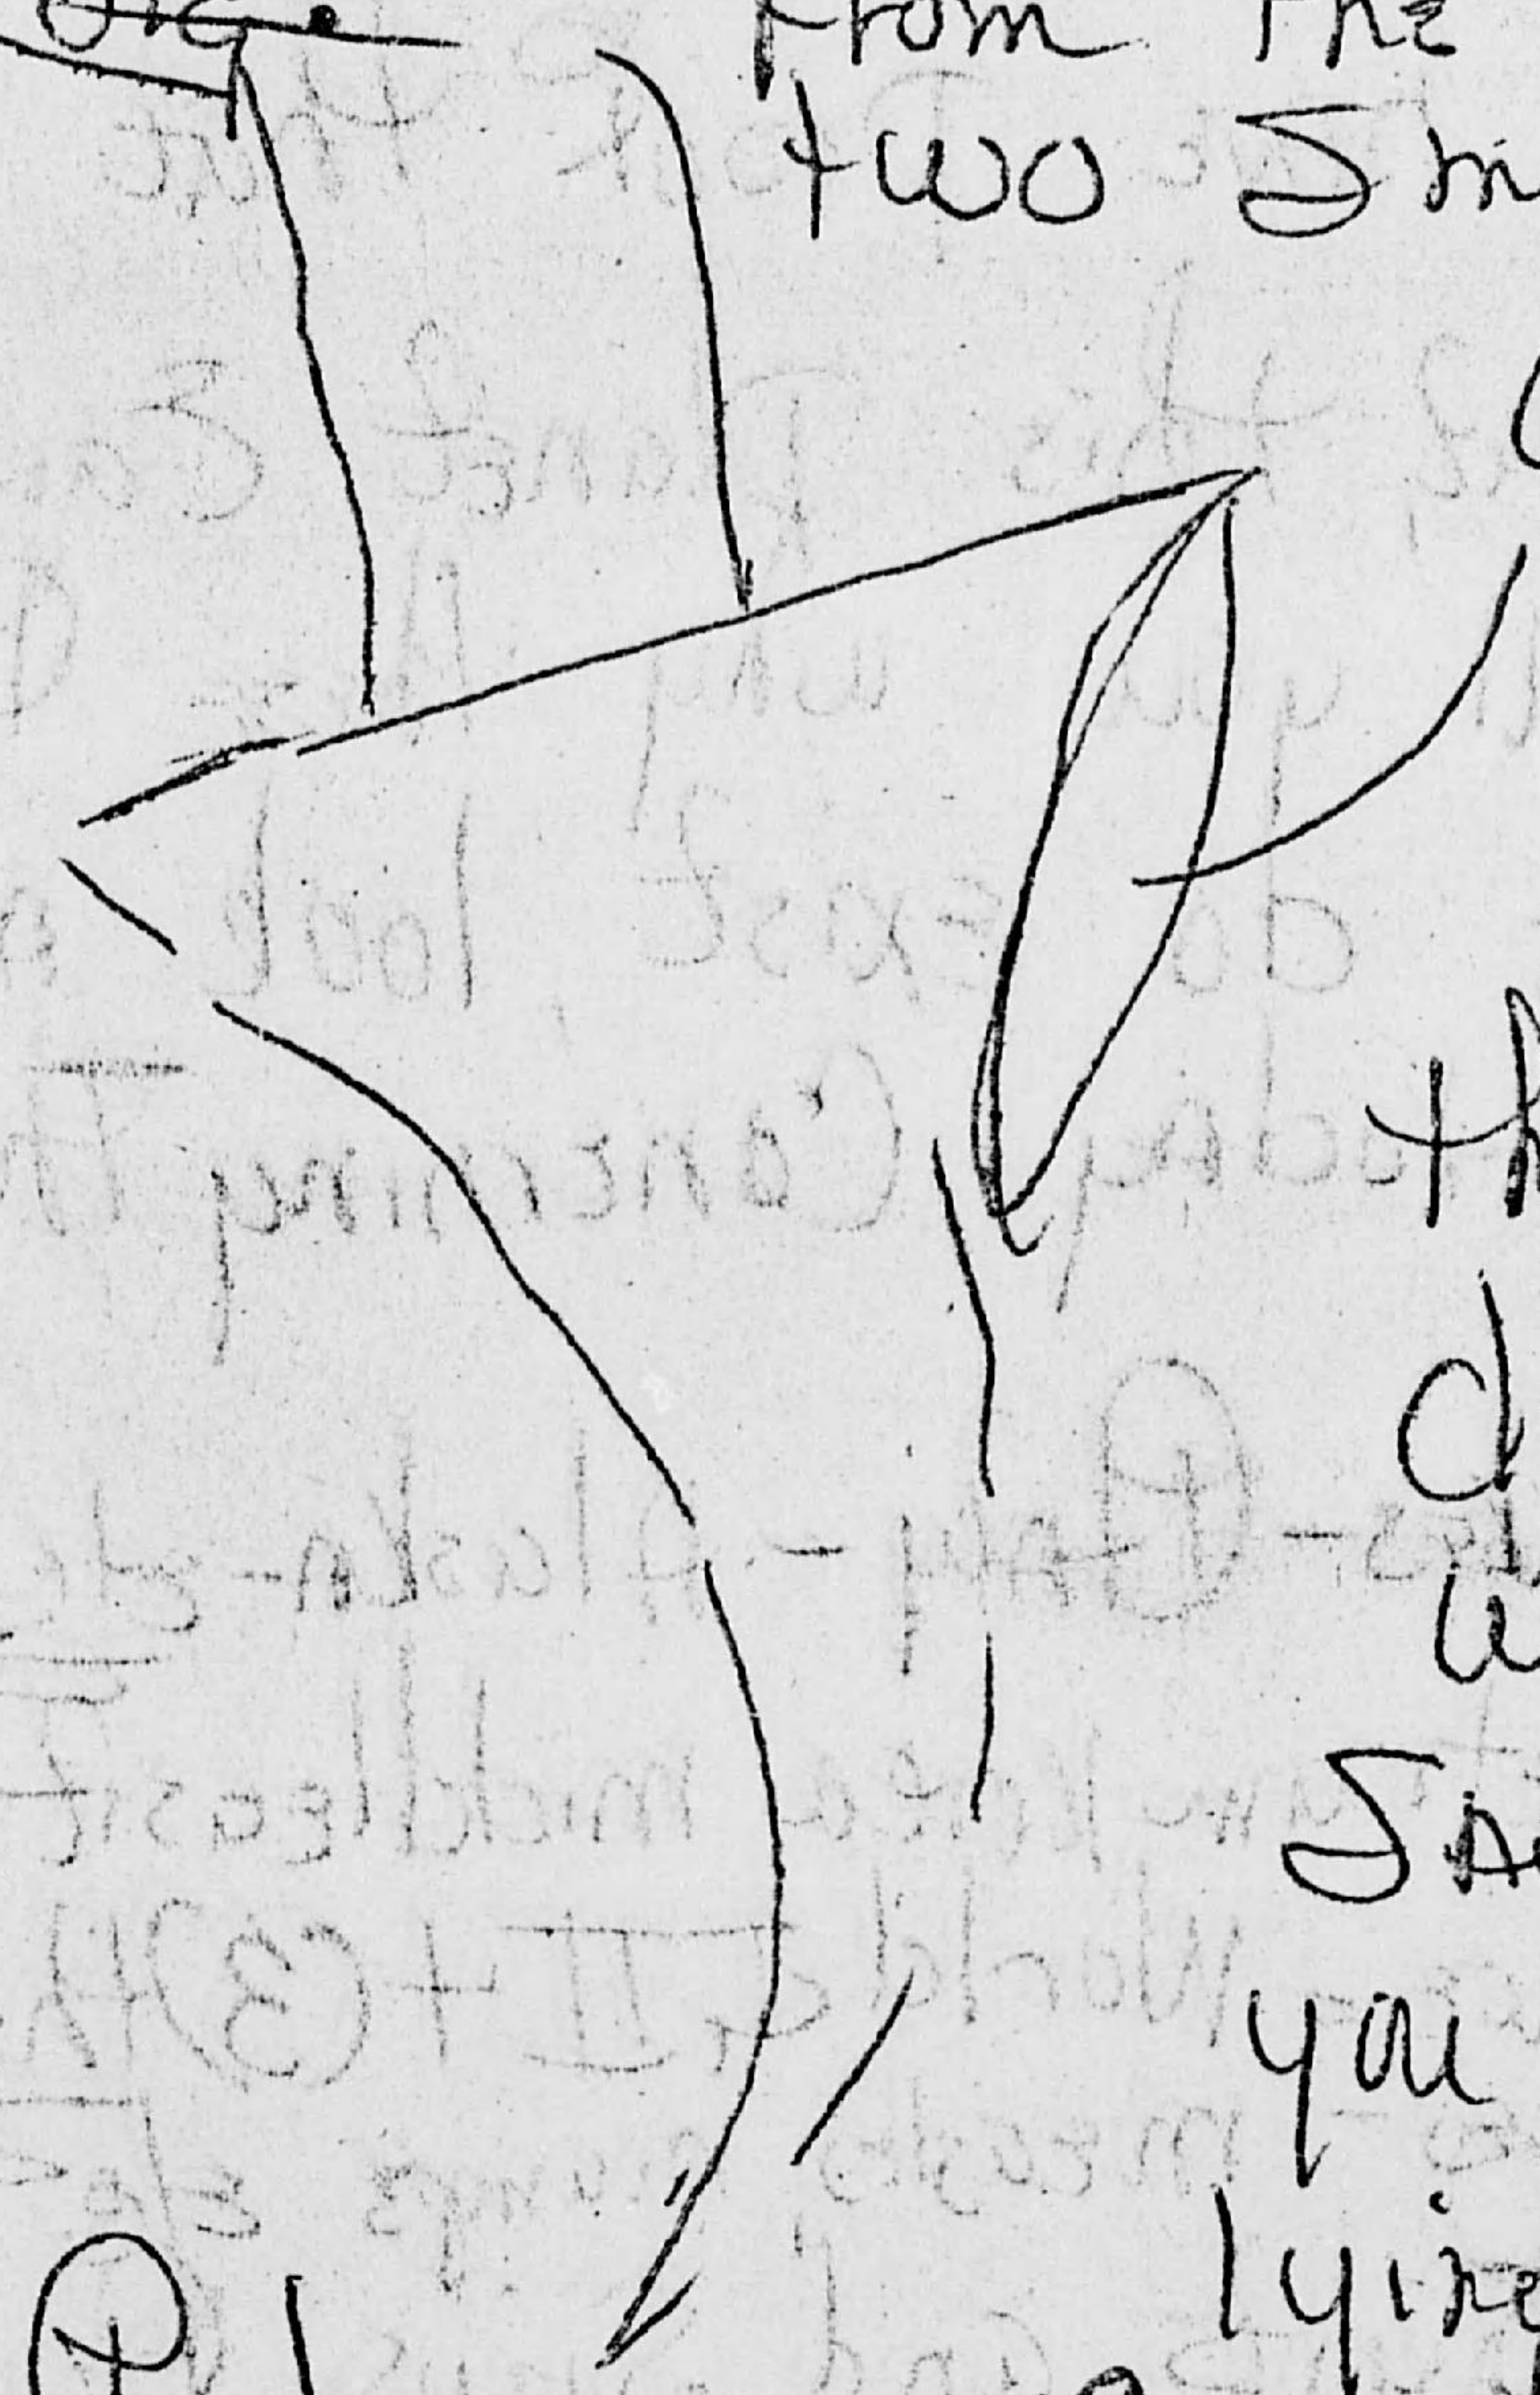

Signs there shall be From Heaven,
you Air Force and NASA. People keep
that in mind. I wish NASA would
stop trying to put a man on the
moon? I have proof that these
things do exist, But, this Planet Earth time
is about up. I tell you why these Flying
Saucers or UFO's do exist, look at the
World Problems today Concerning The United
States:

- (1) Earthquakes - Italy - Alaska - etc
- (2) Wars - Vietnam Korea, middle east - war,
Racial Violence - World War II + (3) the end of
man)
- (3) Pestilences - measles, mumps etc.
- (4) Terrible Sights and Signs From Heaven

Ladies & Gentlemen what's happen in this world
today, everything is right in the Bible and so
is Flying Saucers and UFO's.

(They do exist) Thank
you

Oh! it was 2 times larger than a blimp, it
was about ~~10~~ — I don't know the shape
of it is ridiculous, It shape like the
series that comes on television, The Flying
NUN - or shape like a Nuns hats, it,
was ~~big~~ From the back of it came
two small saucers - shape

OO objects. they
Plew out
for awhile then
the object return,
then the object
disappear, like it
was magic. I can't
say no - more because
you all think that I'm
lying.

But, I have one comment about Flying Saucers
what man and Scientists called today, Flying
Saucers, are nothing but a sign coming from
Heaven, if you don't believe it, Check your
Bible - St. Luke - Earthquakes - Famines -
Pestilence, wars, and fearful sights and a great
