Dear Sirs;

I am very interested in flying saucers and do much research in this subject.

I have sighted a few flying saucers, here is my most exciting one. My brother, cousin, and I was sleeping in my aunt's backyard and were watching for flying saucers. We sighted one on the ground about 120 feet away. It was about 12 feet long and had ~~the~~ ^{one} light at each end. We were scared stiff, at least I was. My brother and my cousin finally got enough

over

This is what the source looked like → ~~it~~

courage to see what it was. As soon as they got about 25 feet away from it, it disappeared.
This is no hoax or ~~joke~~ joke or anything this is the truth!

Yours truly;

~~John~~ Rod.

P.S. Could you please send me some information about flying saucers.
Thank you very
much.
