Date: 15:43 12/02/2023

Status: Closed

POD: DEN

Reporting Facility: GTF

MOR Init: YES

MOR ID: GTF-M-2023/12/02-0001

Paged: YES

Secondary Codes: NOTIFICATION-LATE

REMARKS

ATCT reported an unidentified aerial phenomenon to the NE at approximately FL400 and above, unable to determine distance. The unknown phenomenon was 5 or more lights moving in a circular pattern, changing intensity, consistent with a holding pattern, but not always in a circular pattern. Appeared to be at different altitudes. The UAP was not observed on ATC facility radar system. HAYS MOA not active, Malmstrom AFB security verified seeing lights as well.
